Executive Summary

Purchasing is in charge of buying goods and services for the County. They help other departments get the things they need, like construction services and professional services. They also make sure that the County follows rules when buying things and that it gets the best deal. This includes considering the effects on the economy, society, and the environment.

Program Description

Purchasing ensures that the County buys things in a way that follows the rules and is fair. They also make sure that the County gets the best deal when it buys things. Purchasing has oversight of several thousand contracts and hundreds of millions of dollars awarded each year. They provide leadership, guidance, and offer training and support for Departmental staff.

Key efforts include the following: (1) protect the County from possible contract risks and liabilities; (2) efficient management of the County's procurement and contracting software; (3) ensure the County purchases products and services in accordance with federal and state laws, procedures and regulations including County Administrative Procedures and rules established by Multnomah County's Public Contract Review Board (PCRB); (4) review and approve contract documents, changes and/or amendments to those contracts, and maintain official contract records; (5) research, analyze, recommend, and implement best business practices; (6) provide ongoing public purchasing guidance, support, training, and consultation to departments and employees; (7) track, monitor, analyze and report on contract data and performance measures; (8) maximize efforts to include and ensure participation of both State Certification Office for Business Inclusion and Diversity (COBID) Certified suppliers (Disadvantaged Business Enterprises, Minority-owned, Women-owned, Veteran-owned and Emerging Small Businesses) and Oregon Forward suppliers; (9) participate in community events, meetings and conduct outreach to the COBID Certified supplier community and; (10) develop and implement sustainable purchasing policies, procedures and training.

Purchasing helps the County reach its goals for reducing its environmental footprint. They make sure that companies the County buys things from are also trying to be friendly to the environment. They include this as part of their evaluation when deciding who to give contracts to. All the staff in Purchasing work together to make sure that the County buys things in a way that is good for the environment. They also help teach and support other County staff in doing the same.

Performance Measures

Measure Type	Performance Measure	FY23 Actual	FY24 Budgeted	FY24 Estimate	FY25 Target
Output	Percent of contracts awarded to COBID Certified and Oregon Forward (QRF) businesses	9%	8%	8%	8%
Outcome	Number of service tickets processed in support of Multco Marketplace (MMP)	503	400	557	500
Output	Number of formal RFP and Bid solicitations issued	66	82	73	80
Output	Number of contracts and amendments processed	1,546	1,100	1,560	1,200

Performance Measures Descriptions

Purchasing manages formal Request For Proposal (RFP) and bid solicitations (>\$150,000) for the County because those represent the greatest risk in the County's purchasing activity. The number of service tickets in MMP reflects the intensity of direct technical support provided to keep the County's Purchasing software operational. The output measures listed are good indicators of the volume of formal procurements we conduct and the contract processing activity across all County departments.

Legal / Contractual Obligation

Oregon Revised Statutes (ORS) 279A, 279B, and 279C establish requirements affecting the County's procurement and contracting practices. The County establishes and implements Public Contract Review Board (PCRB) Rules and Administrative Procedures CON-1 and PUR-1 to define its procurement and contracting processes within the constraints of ORS requirements.
