Program Characteristic	S:				

Executive Summary

The purpose of the Capital Assets Strategic Planning is to guide and coordinate the county's capital asset strategic planning process, create and monitor a countywide capital "master plan", and link capital planning to financial planning through integrated financial modeling. This program works with the central Budget Office and Chief Financial Officer to create an integrated capital budget that addresses connections between infrastructure costs, debt capacity and ongoing operating costs.

Program Summary

In order to ensure effective management of capital assets, the Government Finance Officers Association (GFOA) recommends that local governments prepare multi-year capital plans that clearly identify major infrastructure projects and their impact on operating budgets. A 2015 audit by the Multnomah County Auditor identified this as a need within Multnomah County and called for increased participation of the Budget Director and CFO in this process.

The Capital Assets Strategic Planning Program is responsible for the creation and maintenance of a long-term capital asset management "master" plan with a 15 – 20 year timeline. The Capital Planning Director, with support of key departmental stakeholders, oversees the planning process and final capital master plan. This includes working in conjunction with the Budget Office and Finance to align the forecasted revenue and expenditure trends, evaluate financing strategies, and connect capital plans to yearly operating budgets and countywide financial planning. The director also oversees and coordinates the work of both the Capital Planning Steering Committee and the Capital Planning Technical Team. This program works with the central Budget Office to research, analyze, and make recommendations on the creation of a separate capital budget for inclusion in the county's annual budget document.

This program is located in the Department of County Management and reports directly to the Chief Operating Officer.

The Capital Assets Strategic Planning Program was a new program offer in FY16. First year milestones include the hiring of a capital planning director, formation of a capital planning steering committee charter and a scaled implementation plan. The program is expected to be fully implemented over fiscal years 2016 - 2018.
