Executive Summary

The Unemployment Insurance Program provides unemployment benefits to eligible workers who are unemployed due to layoff or other discharge for reasons other than misconduct. Unemployment insurance replaces part of the income that employees lose when they become unemployed.

Program Description

Unemployment benefits are provided through the State of Oregon Employment Department. Multnomah County funds these benefits, as a self-insured employer, with direct payments to the state. The State bills the County quarterly. Former employees, or employees who have had their hours reduced, submit claims to the State, who then determines eligibility and benefit amounts. Claimants or the county may file an appeal with the State if they want to contest an eligibility decision. A hearing with an administrative law judge would then be scheduled, at which the county would appear.

The Unemployment Insurance Program provides the funding to ensure eligible workers secure financial assistance when they are no longer employed by the County, or their hours are reduced. Employees staffing the program respond to the Oregon Employment Department’s claim forms and requests for information in a timely manner, provide accurate and timely monitoring and reporting, and participate in appeal hearings to decrease costs and liability due to ineligible claims. The County does not contest eligible claims. Benefits claim decisions by the state can favor the applicant if our responses are late, data is inaccurate or we fail to respond to a requested clarification.
