Program Summary

Internal administration of the Benefit Programs supports the County's unique business, labor and financial requirements, while providing sound fiscal management of the offered plans to obtain the best benefit value for employees and the organization. The highly trained professional staff oversee administration of a complex array of benefit plans ensuring the County remains compliant with labor contracts, federal, state and local laws and mandates.

The Benefits Program consults and coordinates with all County employees and departments to ensure timely enrollment in benefit plans, complete accurate payroll deductions, produce user friendly benefit communication/educational materials, and act as an effective liaison between employees and benefit providers to facilitate problem resolution. The program works closely with County labor and management to structure benefit components that provide desirable benefit options within budgetary constraints.

Wellness programs can help reduce employee absenteeism and health plan costs, while enhancing employee retention, morale, and productivity. The Employee Wellness Program serves the specific health needs of our employees as documented by health plan claims, population health data, and employee input. The Wellness Program focuses on chronic disease prevention and management through programs and policies that support healthy eating, physical activity, weight control, stress management, resiliency and overall health and well-being. Health plan partnerships and resources supplement program efforts.

Legal / Contractual Obligation

County labor contracts contain benefit mandates for active and retired members. Benefits are governed by a variety of federal/state/local laws and agencies, including Internal Revenue Service (IRS), Dept of Labor (DOL), Dept of Health and Human Services (HHS), COBRA, Working Families Tax Relief Act, Older Workers Benefit Protection Act, Genetic Information Nondiscrimination Act (GINA), HIPAA, Patient Protection and Affordable Care Act (PPACA), CHIP, as well as civil rights and EEO laws. Labor contracts require a transit pass be provided by employer. OAR Chapter 340, Div 242 requires employers to provide commute options to achieve and maintain a reduced auto trip rate. To meet this requirement, County assists DEQ with their bi-annual survey to determine current commute methods, then follows DEQ approved plan to meet target reductions.
