Program Description

The Assessment Performance Analysis (APA) team fulfills four main functions critical to DART's business operations:

- Perform and produce the Sales Ratio Study
- Audit the appraisal functions of DART
- Access to appraisal information
- Partnership and consultation

The Sales Ratio Study evaluates the effectiveness of the appraisal programs. APA performs the ratio study by analyzing real estate sales, trends and other market data to adjust all property values to 100% of Real Market Value following Oregon Department of Revenue (DOR) guidelines. Results of the statistical analyses update all values and a report is developed and published to the DOR for auditing and compliance.

APA performs an independent audit function for all valuation processes, projects and functions. Reports and suggestions are developed and submitted to Appraisal and DART leadership for improved effectiveness of valuation programs.

APA answers questions and responds to data requests made by internal and external stakeholders. APA designs, develops, and interprets complex reports and studies.

In addition, APA works with internal and external partners to manage relationships with the DOR, other Oregon County Assessor's offices, and internal stakeholders. APA is committed to providing customer service through partnership, statistical analysis, reports and data that supports DART and the community.

Through the "County Assessment Function Funding Assistance" (CAFFA) grant process described in ORS 294.175, the DOR determines the acceptable level of staffing. According to the DOR, Multco's assessment and taxation staffing is adequate to meet ongoing statutory needs; however, DOR staffing guidelines are indicating a deficiency in recommended FTE within assessment areas including this unit.
