**Executive Summary** 

The DART Residential Development Program is an innovative new program to improve the accuracy of assessment records in an effort to ensure continued statutory compliance and provide workforce development and appraiser training opportunities for employees from the diverse groups in our community.

## **Program Summary**

DART's Residential Appraisal Program is responsible for maintaining Real Market Value and Maximum Assessed Value on 210,000 single family and two-four family properties; 35,700 condominiums; 4,900 manufactured homes; 1,880 floating properties; 2,750 farm/forest deferral properties; and 1,300 business accounts. Maintaining accurate Real Market Values on all property directly affects the maximum bonding capacity and general obligation bond tax rates for all applicable taxing districts in the County. The program ensures that all residential property is valued in accordance with the law, which maximizes property tax revenues to fund programs for the County and other jurisdictions. Property taxes account for approximately 60% of the County's General Fund revenues.

This Program primarily contributes to the fair and accurate appraisal of residential property as required by the Oregon Revised Statues (ORS), and will accomplish that objective by hiring and training (9) FTE temporary, limited duration staff in appraisal methodology, who will then inspect property in Multnomah that has not been inspected since 2003. Through this effort, internal assessment records will be audited and, when necessary, corrected. In addition, the increased valuation efforts and training of the LDA staff will develop a necessary Property Appraiser trainee program for DART.

Performance Measures								
Measure Type	Primary Measure	FY17 Actual	FY18 Purchased	FY18 Estimate	FY19 Offer			
Output	Accounts Inspected		17,000	25,000	30,000			
Outcome	RMV Addition (in million)		\$125	\$110	\$125			
Performance Measures Descriptions								

Performance Measure #1: 63,000 accounts are identified for inspection. In the first year, 17,000 accounts were viewed as a realistic goal. Looking at 4 months of work, less 1 month of training, the review process has exceeded expectations. 30,000 accounts are now viewed as a realistic goal for 2nd year, exceeding first year performance. Performance Measure #2: Inventory were corrections found on approximately 33% of records reviewed. The corrections to inventory will enable DART to generate more accurate Real Market Values. which is required by law. likely adding new taxable value.
