Program Characteristics:
Executive Summary

This program offer will fund a Labor Compliance Program to provide education and support for workers and construction contractors on wage theft prevention and will support a volunteer program to interview workers on the jobsite to help ensure they are paid a fair wage. The program offer also includes data infrastructure to assist the County with compliance monitoring.

Program Summary

Wage theft exists when a worker is not paid or is underpaid for their work. Wage theft harms workers by driving down wages and harms honest contractors by making them less competitive. Wage theft is particularly prevalent in the construction industry. According to the Oregon Center for Public Policy, "Between 2015 and 2016, the most recent period of data we analyzed, the construction industry had the second highest number of wage claims as a share of its workforce." Some wage theft is unintentional (for example, a calculation error) and easily correctable when identified. Other wage theft is intentional and often harms workers who may not report it for fear of losing their jobs. The County Labor Compliance Program supports workers and contractors to ensure workers are getting paid correctly. In addition, the program supports construction project delivery by assembling and analyzing data to ensure contractors are delivering on the workforce equity objectives for the County's capital projects.

This Labor Compliance Program 1) provides technical assistance and support to ensure that contractors and subcontractors properly classify workers and are in compliance with BOLI labor laws which include Apprenticeship rules and Prevailing Wage laws; 2) ensures that workers on County projects understand their rights related to wage laws, 3) trains and oversees authorized community volunteers to support the County's verification of certified payroll by interviewing workers at worksites regarding wages, benefits, and hours, and 4) manages and maintains software to enable robust monitoring and reporting on wages and benefits paid on County construction projects.

Performance Measures

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Number of volunteers certified by County	20	20	20	20
Outcome	Percent of County construction projects visited by certified volunteers	0%	75%	10%	75%

Performance Measures Descriptions

Since the program implementation in 2019 the program has maintained a steady group of 20 trained site volunteers. However, due to the pandemic shutdown in March 2020, visits by volunteers to County construction sites were suspended. County Risk Management estimates the program could restart volunteer operations as early as May 2022.

Legal / Contractual Obligation

ORS 279C.800 to 279C.870 list the requirements for payment of prevailing wages paid on public works projects.
