MULTNOMAH COUNTY SERVICE DISTRICT BUDGET FOR FISCAL YEAR 2018-2019

Introduction

Multnomah County's Service Districts have been created under the provisions of the Oregon Revised Statutes, Chapter 451, to provide construction and operation of sanitary sewer systems and to provide street lighting in particular areas of the County. The Multnomah County Board of Commissioners serves as the governing body of each District. The budget committee for each District consists of the members of the Board and residents of the District appointed by the Board.

The annual budget for each district is prepared under the direction of a budget officer designated by the Board. The budget committee met on May 3, 2018 and reviewed the annual budget and approved it with no revisions.

These procedures fulfill the requirements of Oregon's Local Budget Law (ORS 294), which provides specific methods for obtaining public review and comment on the financial and administrative policies of the Districts.

Explanation of the Budget Document

This document consists of a detailed schedule of the resources and requirements of the District.

Preceding the financial information is a brief budget message, which discusses special items pertaining to the District.

Service Districts' Financial Policies

Multnomah County Department of Community Services provides administrative and financial services respectively, to the two Districts. Each District is, however, a separate and independent financial entity. Expenses incurred, such as administration, finance, maintenance and engineering are met with revenue from sewer user charges, connection fees and/or assessments to real property within the street lighting or sanitary sewer service district.

For the purposes of countywide financial reporting, each district is treated as an Enterprise Fund and accounted for on the accrual basis of accounting. This practice conforms to generally accepted accounting principles (GAAP). Under the accrual basis of accounting, all revenues are recorded at the time they are earned and expenditures are recorded at the time they are incurred. Budgets and comparative historical cost summaries are prepared using these bases. This practice conforms to Oregon's Local Budget Law.

Summary of Service District Requirements

SERVICE DISTRICT	ACTUAL 15-16	ACTUAL 16-17	BUDGET 17-18	APPROVED 18-19
Dunthorpe-Riverdale Service District No. 1	\$2,454,320	\$1,624,422	\$1,799,000	\$1,678,000

Dunthorpe-Riverdale Service District No. 1	\$19,942	\$31,441	\$30,000	\$35,000

Budget Message — Dunthorpe-Riverdale Sanitary Service District No. 1

This District was formed in the middle 1960's and by 1970 had removed a significant source of pollution from the Willamette River. Its 566 clients are mainly located in unincorporated Multnomah County with 19 customers in northern Clackamas County. Through its wastewater management program, the District is able to provide high quality service to ratepayers while protecting the area's sensitive surface water features from sanitary sewer overflows.

The District contracts with the City of Portland's Bureau of Environmental Services (BES) to maintain the District's lines and treats the sewage flow at Portland's Tryon Creek Wastewater Treatment Plant. BES also provides design and engineering services for construction, reconstruction, and/or improvement of District facilities. The County's Department of Community Service's performs financial and administrative services to the District and its customers. The District continues to coordinate planned capital maintenance projects with the City of Portland BES. The fiscal year 2018 - 2019 capital program was approved at \$750,000. In FY 2019 construction design continues on the upgrade of the Tryon Creek Pump Station and completion of capital maintenance on the Riverview Pump Station wet well. The planned capital improvement costs to District is forecasted at \$3.55M over the next five years. In FY 2019 the District anticipates \$600,000 is needed to support design work at Tryon Pump Station. The District will additionally continue to budget \$150,000 to respond to pipe rehabilitation projects to eliminate inflow and infiltration of ground water into the sewer lines.

The current service charge is \$105.00 per month for an individual home connection. For calendar year 2018-2019 the District rate was approved to increase to \$130 per month. The rate adjustment was necessary to meet the District's capital and operational requirements. An unappropriated ending fund balance at \$278,000 is intended to support the District's future capital program needs.
