Program Characteristic	S:			

Executive Summary

Multnomah County Emergency Management (MCEM) coordinates disaster preparedness activities in Multnomah County. This includes planning, training, exercise and equipment procurement for staff and departments and coordination with cities, special districts and nongovernmental organizations. MCEM maintains a 24/7 call number to respond to requests from county and city public safety partners and can quickly set up an operations center to respond to county emergencies. MCEM also authors and updates several plans including the County Mitigation Plan and County Emergency Operations.

Program Summary

The MCEM program focus includes: 1) County general and departmental preparedness, 2) Intergovernmental and regional preparedness, 3) Citizen and community preparedness and resilience and 4) the County's ability to continue critical operations in an emergency situation. MCEM regularly collaborates with local jurisdictions, districts and agencies engaged in emergency planning.

MCEM understands that a resilient community can potentially reduce the burden on limited emergency response capacity in a severe emergency. For that reason, MCEM works with businesses, non-governmental organizations, faith based groups, volunteer organizations and directly with community members to encourage disaster resilience and create a coordinated response to disasters. MCEM fosters citizen preparedness and community resilience through working relationships with a diverse group of community partner organizations.

Program activity is informed by the Emergency Management Performance Grant (EMPG) work agreement, which includes staff training plans, a rigorous disaster exercise schedule, disaster plan management and coordination with volunteer, state and federal partners.

During an emergency, MCEM activates and manages the County Emergency Coordination Center (ECC) which is staffed by employees from various County departments to provide a single location where strategic direction, response coordination and resource support for incident response is carried out.

In a disaster, Emergency Management functions as the state-mandated conduit for obtaining state and federal resources to support local emergency response for the County, cities and districts, and it coordinates emergency and disaster declarations.

After a disaster, Emergency Management coordinates with state and federal agencies that provide post-disaster assistance and also guides the community recovery process.

Measure Type	Primary Measure	FY17 Actual	FY18 Purchased	FY18 Estimate	FY19 Offer
Output	Annual exercise performance objectives successfully tested.	100%	100%	100%	100%
Outcome	Oregon Emergency Management requirements met for annual performance grant.	100%	100%	100%	100%

Output: Annual exercise of Emergency Coordination Center and evaluation of performance of established objectives in an After Action Report (AAR). Exercises are expected to reveal performance deficiencies and lead to focused improvements. Actual emergency activation may substitute for an exercise and a self-reported AAR is submitted to the State. Outcome: There are 8 eligible funding areas, each with multiple planning activities, in the Emergency Performance Grant (EMPG). This annual measurement covers required activities for a competent emergency management program.

Legal / Contractual Obligation

ORS 401.305 requires Multnomah County to establish an emergency management program and Multnomah County Code Chapter 25.410 establishes the County's Office of Emergency Management.

Revenue/Expense Detail

	Proposed General Fund	Proposed Other Funds	Proposed General Fund	Proposed Other Funds	
Program Expenses	2018	2018	2019	2019	
Personnel	\$880,695	\$263,502	\$912,507	\$266,404	
Contractual Services	\$133,700	\$0	\$129,084	\$80,000
