

### Program #78320 - IT ERP Program

6/27/2018

**Department:** County Assets **Program Contact:** Tracey Massey

Program Offer Type: Internal Service Program Offer Stage: As Adopted

Related Programs: 78316

**Program Characteristics:** 

## **Executive Summary**

This program supports the implementation of a new Enterprise Resource Planning (ERP) suite of integrated technology that includes Workday, Tririga, Jaggaer, and Questica. The current ERP technology is outdated, the existing vendor contract terms are unfavorable, and operational requirements are unable to be achieved with the existing technology. The result of this effort will transform County business operations and improve staff efficiency and effectiveness.

## **Program Summary**

A new ERP suite of technology will be implemented through this program. The implementation includes Deloitte Consulting as the Systems Integrator. The County's ERP Program Management Office will partner with Deloitte Consulting to manage and implement the overall program. The comprehensive project team will implement two new systems, Workday and Tririga, and will integrate other major systems to provide a holistic ERP technology suite. The program will replace the existing SAP solution, automate key business processes such as employee time sheets and performance management, provide improved reporting, and will be accessible via mobile devices. The first phase of the new technology suite is planned to go live July 2018. The program will continue through Fiscal 2019, and will include the implementation of additional features, stabilization of the systems, business processes and support structure, decommissioning of legacy systems, and archival of data.
