How the Coordinating Council has framed engagement in the past

From SUN Council Purpose, Roles, and Structure

"Roles/Responsibilities"

"Engage the community to strengthen alliances and **ensure voices are heard/ incorporated**"

"Structure"

"The Council will have one permanent subcommittee, a Data and Results Subcommittee, and a **structure for youth advising and input.**"

"A **regular** schedule for engaging **families, youth and community members** to hear their input will be established."

From SUN Theory of Change

"We believe that communities, youth, parents, educators, social and health service providers and community-based organizations have unique and important solutions to improving outcomes for our children and systems. Our work will only be successful if we create the **conditions for authentic, meaningful engagement and empowerment of all members, particularly those who are most affected by poverty and racism.**"

Working definition of Community Engagement for the SUN Coordinating Council

A regular structure to incorporate the voices of families, youth, and community members in order to improve the outcomes of the SUN Service System.
