

SUN Coordinating Council Meeting

Friday, October 5, 2018

1:00-3:00 p.m.

David Douglas School District Office

STAFF AGENDA

Desired Outcomes for the Meeting:

- Identify strategic activities for Emerging Issues Action Area: Youth Experience of Belonging, Safety and Bullying
- Review and input into draft FY19 work plan
- Prioritization of additional information to collect to support telling the SUN Story
- Continue to deepen relationship building by increasing connection and trust amongst members

I. Welcome and Introductions (10 min)

- Frank shares any opening remarks and welcomes Judy as Co-Chair.
- Judy opening remarks
- Frank ask folks to do a quick round of introductions as there are a few newer members. We will be doing community building activity later in agenda. Start with Kim to update on Chair's seat and announce Nicole Buchanan joining the county a policy advisor

II. Recap and Reflections on August Retreat (15 min)

- Show retreat capture slideshow (briefly summarize what happened)
 - Frank cover slides 1-6 - reminded ourselves of SUN theory of change and lane; desired retreat outcomes; aspirations for the system and motivation to stay involved provided foundation for the day
 - Judy cover slides 7-11 - dug in to what we like to include when we tell the story of SUN and what additional info would help tell it; had a good opportunity to work on action planning for the system in 5 areas. Did individual table work throughout the session and then a world café review at the end.
 - Diana share written feedback/capture of the input; materials on tables
- Ask for reflections from the group.
- Frank and Judy offer any reflections. Some ideas:
 - Rich conversations and opportunity to connect around what maintains our commitment to the SUN collaboration.

- Recognition that we have a lot of turnover at multiple levels in the system; folks lack sense of the history, benefits and opportunities
- Around the SUN story - there was a lot of energy around capturing more of the story of SUN as we talk about it; having council members and other in the system feel prepared to tell the story - have easy talking points.
- Youth experience data and conversation stood out - particularly around the SF2020 work with Reynolds - lots of questions and ideas for action were generated

III. Deeper Planning Dive: Youth Experience of Safety, Belonging and Bullying (60 min)

- Frank offer context: why we are deep diving on this one
 - We feel a level of urgency to respond to youth voices and there was a lot of interest at the retreat in identifying ways to use the SUN partnership and system to work on the issue of belonging, safety and bullying, with a focus on racism
 - Is an area that includes several of our action areas in one - system alignment, youth voice/engagement
- Diana share 8 ideas for activities that emerged from retreat
- Small groups - Diana facilitate
 - Each group further develop 4 activities (one chart pak per activity) - (10-15) - Diana and Peggy do note taking for the groups
 - Swap and make additions to other 4 (10)
- Community Building Break (10)
 - Peggy leads Mingle, mingle - 3 rounds
 - What do you like to bring to a potluck?
 - What's your dream job?
 - What's something about you folks would never figure out?
- Diana sets up small group 2x2 activity with all 8 activities - using impact and influence/control as the axes - place post its on 2x2 chart pak (10-15)
- Diana combine 2x2s and reflect on results - what rises to top? Consensus on one or two to pursue? A few members willing to work with staff on developing next steps? (5)

IV. Review Draft Action Plan (30)

- Diana orient council to draft action plan document (5)
- Peggy discuss hone messaging & conduct outreach action area (15)
 - Discuss plan for messaging development
 - Input into priority level of additional information to be collected - have worksheet - circle items that feel are critical for them to tell the story and they feel certain they would use information - turn in sheets at end
 - Solicit any additional input into hone messaging action area & next steps
- Judy open small group discussion and input into other action areas (10)

- Our intention is to have a deeper discussion at the November meeting about System Alignment and whether there is a meaningful action around new funding.
- For today, just asking if folks have any reactions or input we should note.
- Staff will update this document and distribute with notes.

V Next Steps (5)

- Frank recaps any actions and commitments (anyone volunteer to help with further framing the youth experience work) and reminds folks of November meeting: November 2, 2018, 9:00-11:00am at MESD
- For the November meeting, are there any suggestions for SUN partners we should reach out to who might have youth experience information to share?
- Also, we have several vacant alternate spots due to member transitions. Would like to get these filled this fall. Diana will be following up with members where we have a vacant alternate spot to identify alternates in the next month.

Plan for Messaging Development (for Peggy's part)

- Matt Kinshella develop one-page visual and frame for a core set of talking points for use by council and others - incorporate things folks identified they want to talk about including collective impact, the "u" in SUN. Possibly use the "Story of us, me and now" frame [by early October]
- Decision about which additional data points to gather [Sept council meeting]
- SUN staff gather additional data and information to help folks tell specific stories [September-October and possibly ongoing]
- Vet frame and points with council co-chairs [early-mid October]
- Develop set of materials and guidance/roles for council outreach visits to leaders Matt and Diana [October?]
- Practice time for all council members; identify core set of members who will be quarterbacks for visits [November council meeting]
