Executive Summary

The Facilities Building Materials and Services program accounts for the procurement, contract administration and consumable inventory of supplies needed to support the County's portfolio of 131 buildings and 3.1 million square feet.

Program Summary

This program provides the materials and services that are required to both extend the resources of the in-house Operations & Maintenance (O&M) staff (PO #78003) and to provide County tradespeople with needed materials and supplies. Contract services are used for those functions or technologies that are needed part-time or intermittently. These contract services include the repair and maintenance of emergency generators, boilers, chillers, and plumbing. Building supplies include lumber, tools, mechanical parts, and consumables such as oil, fluids, filters and light bulbs in order to complete over 10,000 work orders annually.

Performance Measures

Output	Requirements contracts renewed/executed prior to expiration	0	0	0	80%
Outcome	Savings in supply purchases through strategic sourcing initiatives	0	0	0	10%

Performance Measures Descriptions

Requirements contracts must be properly executed on time to avoid stoppages in work. An important goal in FY 2015 is to align contracts and supply purchase with the strategic sourcing initiatives in order to foster strategic relationships and achieve savings through bulk purchase of just in time inventory ordering.
