Program Characteristics: In Target

Executive Summary

Multnomah County has made a significant financial investment in our technology infrastructure. This program provides for the lifecycle management and replacement of outdated, unsupported, broken or damaged IT assets allowing the county to spread the cost of the equipment replacements over multiple years. It will also enable IT to better keep pace with rapidly changing technology in the computer industry.

Program Summary

This program supports the IT asset management lifecycle replacements for desktop and laptop computers, smartphones, iPads/Tablets, monitors, desktop software, network router and switching equipment, telephones, data center servers and storage, printers, copiers and other output devices. It also supports the acquisition and disposition of decommissioned hardware in a safe and environmentally friendly manner. Currently, the refresh schedule for laptops is three years and desktops is five years. The County looks for opportunities to assist local public schools, e.g. Portland Public Schools, by donating operational retired systems.

Performance Measures

Measure Type	Primary Measure	FY14 Actual	FY15 Purchased	FY15 Estimate	FY16 Offer
Output	Percentage of personal computer devices replaced according to published schedule	100%	100%	100%	100%
Outcome	Asset database quality: Accuracy and completeness	98%	98%	98%	99%

Performance Measures Descriptions

Output Measure - This measure tracks how many desktop and laptop devices are replaced according to the published schedule.

Outcome Measure - Measures the effectiveness of the asset database(s) for quality for accuracy and completeness.
