Executive Summary

This program offer provides staff dedicated to coordinating the Library's growing and complex technology environment. Library Application Services provides strategic technology guidance and project coordination to the Library. The team works closely with County IT professionals to ensure that resources are applied to the highest priority work.

Program Summary

Library Application Services include understanding and defining business needs, recommending effective and innovative technology solutions, coordinating and implementing projects. This team provides direction to County IT staff for Library web application support and customer consulting. The key to effectively providing these services is meeting common cross department needs and identifying new opportunities, while concurrently standardizing services and platforms in order to provide a low total cost of ownership for the Library.
