Executive Summary

The Budget and Planning team is one of the five service teams in the Department of County Assets (DCA) Administrative Services Hub. The team provides financial planning, forecasting, rate-setting, and reporting services to the DCA.

Program Summary

The Budget and Planning team assembles and publishes County-wide annual internal service rates; bills for County facilities, fleet, information technology, telecommunications, and records and distribution services; and coordinates planning for the County's asset management and facilities capital improvement functions. This program reports to the DCA Director and focuses on several primary responsibilities:

- Coordinating County-wide annual capital planning* and internal service rate development processes, including developing and implementing complex activity-based cost allocation models for seven distinct internal services.
- Coordinating and managing annual budget development and monitoring.
- Overseeing budget management, monitoring, modification, and financial reporting throughout the fiscal year for the County's Facilities and Property Management (FPM), Information Technology (IT), and Fleet capital, internal service, and debt service funds.

The team provides recommendations and data on internal cost allocation methods and strategies, capital planning and spending, and planning for long-term obligations used by every County department.
