Executive Summary

Strategic Sourcing team is one of three service teams in the Department of County Assets' (DCA) Business Services Division. The team facilitates the consolidation of the County's purchasing power to find the best possible values in the marketplace, while adhering to County values. The seven step Strategic Sourcing practice is anchored in the identification of requirements and risks to the County, as well as adherence to County values and compliance with governing laws. The Seven Steps of Strategic Sourcing also includes a robust analysis of equity, economic, and environmental impacts and considerations. The Strategic Sourcing unit reports to the departmental Deputy Director.

Program Description

Strategic Sourcing practices follow a holistic approach for the selection and sourcing of goods and services necessary to meet the requirements of an organization's operations. This effort includes several key tenets or procurement best practices: (1) Consolidating spend across all buyers with a small number of supplier partners so that the best prices can be achieved, (2) Considering the total life cycle cost of a product and service (not just the purchase price) when making a procurement decision, (3) Building mutually beneficial strategic partnership relationships with key suppliers, (4) Leveraging the capabilities and services of supplier partners to reduce internal operating costs, and (5) Leveraging technology to reduce operating costs, better manage spend and achieve better prices.

Strategic Sourcing initiatives primarily support the acquisition of goods and services purchased countywide. Support also includes collaboration with departmental partners in the review of administrative procedures and the implementation of best practices as necessary, in support of strategic sourcing initiatives. The Strategic Sourcing team chairs the County's Strategic Sourcing Council, which identifies and prioritizes initiatives based upon risk, value and impact across the County.

Based upon recent experiences with emergency responses to fires, the pandemic, and sheltering requirements, in addition to a greater focus on diversity, equity and inclusion, the focus of Strategic Sourcing and the associated performance measures are evolving to better align with the County's direction and strategies to respond to events encountered and values held by the County.
