

Division: Facilities & Property Management

Program Characteristics:

Program Description

Facilities Client & Support Services provides support to all County departments and internal Facilities staff. These services include Building Compliance, Property Management, Facilities Dispatch, and a Building Technology team. These teams maintain building data for County Facilities, adhere to building regulatory requirements, provide occupational health and safety oversight, and ensure occupant and contractor safety on County property. They provide a point of contact for departments for property and building related services, manage contractors that help maintain properties, including landscaping, janitorial, arborist, stormwater, and window washing services, stormwater maintenance, elevators, and fire detection systems. They provide a 24/7 dispatch operation that respond to incoming calls from clients and guide the work of maintenance staff. They also maintain critical building information, coordinate technology systems, and provide data and metrics so managers can measure success and see how the work they do matters.

Equity Statement

This program's core goal is ensuring buildings are safe, compliant, and fully accessible so all residents can receive County services equitably. We also contract with Oregon Forward Vendors, which create employment opportunities for people with physical, mental, and developmental disabilities.
