Program Characteristics:

Executive Summary

In FY 2018, the County authorized one-time-only (OTO) funds to survey the Vance Property to support development of a long term master plan. Department of Community Services (DCS) Planning and County Leadership along with Department of County Assets (DCA) Facilities and Property Management (FPM) formed a steering committee in FY 2018 in order to build a roadmap of master planning efforts to date and outline next steps. The Vance Vision was presented in FY 2023. This work includes community engagement to center the voices of the underrepresented and to provide recommendations for development on these properties. Efforts to further community engagement, explore development potential and site conditions will continue in FY 2024.

Program Description

This Vance Property Master Plan program offer includes environmental site technical studies to continue a master planning process. It will lead to enhanced development options which make better use of the former quarry and the associated park portion on the west side of the property. Technical work completed to date include an ALTA Survey, gas and water monitoring, landfill waste field investigations, and installation of additional ground water monitoring stations, wetland delineation, and the development of the Vance Vision. DCS program offer #90004 - Vance Vision Next Steps also supports this offer.

The goal of Vance Vision is to develop a structured process with a clear framework for creating a set of options and recommendations for any future development or disposition of the County-owned parcels in this area. The Vision considers the needs of DCS, including infrastructure, service provision, and present and future division land use needs, as well as any financial impact to the Road fund. Key stakeholders include members from the Governor's Regional Solutions team, County leadership, Community Leadership Team, City of Gresham, Metro, Port of Portland, DCS, MCHD, and FPM.

Through a formal solicitation, Cascadia Partners and their team was hired in 2019 to provide master planning services toward this effort that includes programming, community engagement, financial analysis, feasibility analysis, and technical advice on creating development options for this property. This Vance Vision was presented to the Board of County Commissioners in March 2022. Community engagement, exploration of development potential and site conditions continues through feasibility analysis and conceptual planning efforts for the areas defined in the Vision. The intent of the engagement process is to center the voices of underrepresented and marginalized communities about their vision for the Vance properties as well as hear from County staff about what potential county needs could be accommodated on the site. Based on alignment with County policies and goals and community benefit, the team will provide guidance on future implementation of the various options.

| Performance Measures | | | | | | | | |
|----------------------|--|----------------|------------------|------------------|---------------|--|--|--|
| Measure Type | Primary Measure | FY22 Actual | FY23 Budgeted | FY23 Estimate | FY24 Offer | | | |
| Output | Issue Request for Information (RFI) for interest and development strategies for Vision areas | N/A | N/A | 0 | 1 | | | |
| Outcome | Define the stabilization strategy to address the slope feature on the properties. | N/A | N/A | 20% | 100% | | | |

Performance Measures Descriptions

PM #1 - Issue a Request for Information (RFI) to determine interest and development strategies for Vision Areas

PM #2 - Define the stabilization strategy to address the slope feature on the properties.
