Program Characteristics:

Executive Summary

In 2020 voters approved the Library Capital Bond Program (LCBP) bond measure 26-211 to expand and modernize library spaces and balance library service more fairly across Multnomah County, increasing access and services to members of our community, addressing the needs of many marginalized and disadvantaged populations.

Program Description

The bond program will increase total space in the current set of library buildings by about 50%. Each new library project will begin with a robust community engagement and input process to determine the design. Bond activities started in FY 2021 and are anticipated to continue through FY 2027. The overall program includes:

- Enlarge and update seven (7) branch libraries, including Albina Library, Belmont Library, Holgate Library, Midland Library, North Portland Library, Northwest Library, and St. Johns Library
- Build a flagship library in East Multnomah County
- Increase broadband support in all public branches
- Establish an Operations Center
- Provide light touch updates and efficiencies to public areas of all remaining library branches

The LCBP formed a Program Management Office (PMO) composed of staff from the Library and Department of County Assets (DCA) to provide accountability and oversight to deliver on the bond measure. The PMO reports to Executive Sponsors, an Executive Stakeholder Committee, a Community Oversight Committee, and the Board of County Commissioners (BCC) for direction and accountability.

The program supports the Library's pillars and priorities. All aspects of this work shall center equity, diversity and inclusion, key values of DCA and the Library. Each project will have COBID (Certification Office for Business Inclusion and Diversity) certified firm goals, workforce diversity goals, and apprenticeship goals.
