Program Characteristics:

Executive Summary

The North Portland Library project renovates roughly 8,700 square feet of the existing library, and builds an approximately 1,300 square foot addition. Project decision considerations include Library pillars, priorities, environmental sustainability, and operational efficiencies.

Program Description

This multi-year project completed design, obtained permits, and is scheduled to establish the Guaranteed Maximum Price (GMP), and start construction in FY 2023. Construction is expected to be completed in FY 2025. The current building will be renovated with a new 1,650 square foot addition, joining the historic space with new, modern amenities. The project has a minimum aspirational goal for COBID (Certification Office for Business Inclusion and Diversity) certified firm participation in construction of 20% over the life of the project.

The new North Portland Library will be a neighborhood library - a location smaller than 30,000 square feet that provides limited amenities and a community-driven collection. The historic North Portland Library sits on NE Killingsworth Avenue in between Jefferson High School and Portland Community College. This library is home to the Black Resource Center, housing both scholarly and popular materials relating to the African-American experience.

Community outreach and engagement will utilize diverse approaches through virtual, in-person and additional community meetings with translation and interpretation services. The building design will also receive input from the Youth Opportunity Design Approach (YODA), paid teen community members who will join the design team. Key activities include robust community engagement to inform design, onboarding of paid teen positions to participate in the project, and the project delivery team meeting its schedule and goals.

Performance Measures

Measure Type	Primary Measure	FY22 Actual	FY23 Budgeted	FY23 Estimate	FY24 Offer
Output	Percent of certified COBID firms contracted for construction	N/A	N/A	N/A	20%
Outcome	YODA satisfaction rating (1 to 5) with their experience as paid grassroots community engagement members	4.8	4.0	4.0	4.0

Performance Measures Descriptions

PM#1 - This measure addresses the percentage of COBID Certified firms contracts by dollars committed
PM#2 - This measure reflects the commitment to include and amplify community voice throughout the bond projects, and is a measure of community advocates' satisfaction with their experience as paid grassroots community engagement members
In FY 2023 the project completed design development and construction documents and executed a Guaranteed Maximum Price (GMP) Amendment

Legal / Contractual Obligation

There are contractual obligations to consultants/vendors carrying over into FY 2024.
