

**Program #78228E - Library Capital Bond Construction: North Portland Library** FY 2025 Department Requested

**Department:** County Assets **Program Contact:** Tracey Massey  
**Program Offer Type:** Capital **Program Offer Stage:** Department Requested  
**Related Programs:**  
**Program Characteristics:** In Target

**Executive Summary**

The North Portland Library project renovates roughly 8,700 square feet of the existing library, and builds an approximately 1,300 square foot addition. Project decisions considerations include Library values and goals as outlined in the strategic plan, equity for staff and community members, environmental sustainability, operational efficiency, and fiscal responsibility.

**Program Description**

This multi-year project started construction in early FY 2024 and is scheduled to complete construction in early FY 2025. The current building was renovated with a new 1,300 square foot addition, joining the historic space with new, modern amenities. The project has a minimum goal for COBID (Certification Office for Business Inclusion and Diversity) certified firm participation in construction of 25% over the life of the project and is expected to achieve 48% participation.

The new North Portland Library will be a neighborhood library - a location smaller than 30,000 sf that provides limited amenities and a community-driven collection. The historic North Portland Library sits on NE Killingsworth Avenue in between Jefferson High School and Portland Community College. This library is home to the Black Resource Center, housing both scholarly and popular materials relating to the African-American experience.

Community outreach and engagement will utilize diverse approaches through virtual, in-person and additional community meetings with translation and interpretation services. The building design will also receive input from the Youth Opportunity Design Approach (YODA), paid teen community members who will join the design team. Key activities include robust community engagement to inform design, onboarding of paid teen positions to participate in the project, and the project delivery team meeting their schedule and goals.
