**Department:** County Assets **Program Contact:** Tracey Massey  
**Program Offer Type:** Existing **Program Offer Stage:** Proposed  
**Related Programs:** 78228A through 78228I  
**Program Characteristics:**

**Executive Summary**

The St. Johns Library project renovates the roughly 5,600 square foot existing library with an approximately 1,500 square foot addition on the existing site. Project decision considerations include Library pillars, priorities, environmental sustainability and operational efficiencies.

**Program Description**

This multi-year project completed procurement of the design and construction teams, started community engagement, and started design in FY 2023. Construction is expected to start in early FY 2025. Plans are to renovate roughly 5,600 square feet of existing library with an approximately 1,500 square foot addition on the existing site. The project has a minimum aspirational goal for COBID (Certification Office for Business Inclusion and Diversity) certified firm participation in construction of 20% over the life of the project. Community outreach and engagement will utilize diverse approaches through virtual, in-person and additional community meetings with translation and interpretation services.

The renovated St. John's Library will be a neighborhood library - a location smaller than 30,000 square feet that provides limited amenities and a community-driven collection.

St. John's Library, an original 1921 Carnegie building, is an iconic symbol of the St. John's community and provides neighbors with limited, but highly valued, public meeting and programming space.
