Executive Summary

This program offer is for the replacement of the Red Cap and LawLog systems used by the Department of Community Justice.

Program Summary

Red Cap and LawLog systems used by the Department of Community Justice need to be replaced. LawLog is an old code base that requires regular manual intervention and continually faces production support issues. A full rewrite of the system would be necessary to move it to a new version. Red Cap is a vendor solution that does not meet existing reporting requirements. As part of the TIP, new solutions for these systems will be identified and implemented and the old systems will be decommissioned.

The Technology Improvement Program funds the replacements and consolidation of obsolete technology. This is an ongoing business need. The projects are identified through the Technology Fitness Assessment conducted every other year. The Technology Fitness Assessment determines how well the most critical technology supports the mission, business processes, and technical requirements of the County. Projects are prioritized based on the fitness assessment and availability of technical and business resources to perform the work.
