**Executive Summary**

The Mobile Device Expense Management program provides centralized management of all wireless voice and data communications for approximately 4,500 County employees. The services provided by this program facilitate communication with citizens, business partners, and employees. This group contracts, purchases, provisions, tracks, and oversees the usage and payment for wireless (cellular) devices and the related services for the County. This includes cell phones, pagers, tablet computers, smart phones, and aircards.

**Program Summary**

The County maintains approximately 2,000 wireless devices. This group works closely with Departments to identify wireless communication needs then set standards for devices and service plans to address these needs. This program coordinates the acquisition of all cellular devices as well as the provisioning of the cellular services for these devices, also known as mobile devices. This group works closely with IT, Desktop, and Security, as well as Departments to identify mobile communication needs, then sources and/or negotiates the services for delivery to internal County customers.

In addition to managing risk, a primary goal is to continue to improve the costs of the services over the prior year. Each year, the aggregate overall expenses relating to County owned mobile devices are translated into an average cost per minute metric and average cost per device. The baseline averages are used as the basis for cost savings calculations. The total overall costs include personnel and non-personnel expenses plus the costs for all wireless services.

**Performance Measures**

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	% of processed new and replacement mobile device requests including audit of carrier records for exceptions	99%	99%	99%	99%
Outcome	Reduce overall cost over prior year	4%	2%	2%	2%

**Performance Measures Descriptions**

PM #1 Output - Program will process 99% of all new and replacement mobile device requests and will audit carrier records for any exceptions not ordered by program.

PM #2 Outcome - Reduce overall cost of mobile devices and related services (per device) over similar costs from the prior fiscal year.
