Executive Summary

The Mobile Device Expense Management program provides centralized management of all wireless voice and data communications for approximately 6,000 County employees. The services provided by this program facilitate communication with residents and visitors, business partners, and employees. This group contracts, purchases, provisions, tracks, and oversees the usage and payment for wireless (cellular) devices and the related services for the County. This includes cell phones, pagers, tablet computers, smart phones, and aircards.

Program Summary

The County maintains approximately 2,800 wireless devices. This group works closely with Departments, IT, Desktop Support Staff, and IT Security, to identify wireless communication needs, then set standards for devices and service plans to address these needs. This program coordinates the acquisition of all cellular devices as well as the provisioning of the cellular services for these devices, also known as mobile devices.

Services include:

- Sources and/or negotiates contracts for the services for delivery to internal and external customers;
- Provides resources and services in support of emergency responses by the County, to ensure vital communications are maintained;
- Manage risks and;
- Provide reliable, sustainable services to mobile device users, a primary goal is to continue to improve the per unit costs of the services over the prior year.

Each year, the aggregate overall expenses relating to County owned mobile devices are translated into an average cost per minute metric and average cost per device. The baseline averages are used as the basis for cost savings calculations. The total overall costs include personnel and non-personnel expenses, the costs for the services supporting the Telecommunication Expense Management System, plus the costs for all wireless services usage. All of which are passed through to the Departments of the wireless device users on a pro-rata basis.

Explanation of Revenues

This program offer is funded via the collection of a monthly service fee charged to each wireless device holder of record. The service fee is collected through the IT Internal Service Rate collection process.

Significant Program Changes

Last Year this program was: FY 2021: 78305 IT Mobile Device Expense Management

The significant increase in Contractual Services costs on a year over year basis is due to the nearly 50% increase in device counts primarily due to the COVID-19 response.

This group sources and/or negotiates contracts for the services for delivery to internal and external customers. These responsibilities expanded to include external County partners and clients as a result of COVID-19 response.
