Program Characteristic	s:		

Program Description

The County maintains more than 3,000 wireless devices. The Mobile Device Management Group works closely with departments, IT management, IT Support Staff, and IT Security to identify wireless communication needs and set standards for devices and service plans to address these needs. This program coordinates the acquisition of all cellular devices as well as the provisioning of the cellular services for these devices, also known as mobile devices.

Services include:

-Sources and/or negotiates contracts for the services for delivery to internal and external customers;

-Provides resources and services in support of emergency responses by the County, to ensure vital communications are maintained;

-Provides reliable, sustainable services to mobile device users, a primary goal is to continue to improve the per unit costs of the services over the prior year. This includes procurement and delivery of mobile devices and ensuring accuracy of billing, vendor management, text message archiving and customer service management.

All services are easily accessible to County employees through the IT Service Portal with requests made with the approval of a manager.

The total overall costs include personnel and non-personnel expenses, the costs for the services supporting the Telecommunication Expense Management System, plus the costs for all wireless services usage. All of which are passed through to the departments of the wireless device users on a pro-rata basis.

This offer is critical to the operations of the County. The mobile devices provided are used across all departments to deliver services to staff and the community, and ensure that County operations are running effectively.

Performance Measures							
Measure Type	Performance Measure	FY24 Actual	FY25 Budgeted	FY25 Estimate	FY26 Target		
Output	Percentage of new and replacement mobile device requests processed within 10 days of receiving.	91%	99%	82%	99%		
Quality	90% customers rate the IT Wireless Team as a 4/5 or higher on customer satisfaction surveys.	94%	90%	94%	90%		
Performa	nce Measures Descriptions		1	L	1		

PM #1 - Measures ability to process requests through fulfillment and deployment so that staff get the device they need in a timely manner.

PM #2 - Designed to measure customer satisfaction and alignment with "Think Yes."
