Program Characteristics:

Executive Summary

This program offer provides staff dedicated to coordinating the Library's complex technology environment. Library Application Services provides strategic technology guidance and project coordination to the Library. The team works closely with County IT professionals to ensure that resources are applied to the highest priority work.

Program Summary

Library Application Services includes understanding and defining business needs, recommending effective and innovative technology solutions, coordinating, and implementing projects. This team provides direction to County IT staff for Library web application support and customer consulting. The key to effectively providing these services is meeting common cross department needs and identifying new opportunities, while concurrently standardizing services and platforms in order to provide a low total cost of ownership for the Library.

The Application Service team continues to expand its work in developing web-based and mobile device-based applications for patrons of the Multnomah County Library. The team is working closely with the Library to develop the next generation of public-access computing solutions, including desktops, laptops, tablets, applications, and free access to the Internet for Library patrons. The Library completed the selection of a new Library Information System in late 2017. The team is moving ahead with the configuration work required, and will complete the implementation and stabilization of the new system in late 2018. This system is a key component of most day to day activities including inventory management and patron information. The Library also plans to research and implement a Partner Relationship Management (PRM) database to support improvements in managing the relationships between the Library and its hundreds of partner organizations. Finally, the Library continues its work on Digital Equity, with actions tied to the Digital Equity Action Plan jointly adopted by the County and the City of Portland.

Performance Measures

Measure Type	Primary Measure	FY17 Actual	FY18 Purchased	FY18 Estimate	FY19 Offer
Output	Percent of employee hours spent on planned work versus unplanned work	51%	55%	55%	60%
Outcome	Percentage point increase in employee hours spent on planned versus unplanned work	2%	5%	4%	10%

Performance Measures Descriptions

PM #1 Output Measure - Employee hours spent on planned versus unplanned work: 55% planned/45% unplanned. This includes available work time. Planned work provides better customer value, as work can be targeted toward high priority activities.

PM #2 Outcome Measure - Increase the the amount of hours spent on planned work vs unplanned work.

Revenue/Expense Detail

	Proposed General Fund	Proposed Other Funds	Proposed General Fund	Proposed Other Funds
Program Expenses	2018	2018	2019	2019
Personnel	\$0	\$487,771	\$0	\$509,181
Materials & Supplies	\$0	\$18,210	\$0	\$18,210
Total GF/non-GF	\$0	\$505,981	\$0	\$527,391
Program Total:	\$505,981		\$527,391	
Program FTE	0.00	2.00	0.00	2.00

Program Revenues				
Other / Miscellaneous	\$0	\$505,981	\$0	\$527,391
Total Revenue	\$0	\$505,981	\$0	\$527,391

Explanation of Revenues

County IT service costs are allocated to departments based on usage, services received, and other metrics.
