

Program #78335 - Preschool For All - Preschool Early Learning Technology FY 2025 Adopted

Department: County Assets **Program Contact:** Daniel Cole
Program Offer Type: Capital **Program Offer Stage:** Adopted
Related Programs: 25200A/B/C - 25207, 40099B, 72052A/B
Program Characteristics: One-Time-Only Request

Executive Summary

Multnomah County voters approved “Preschool For All” to give all 3 and 4 year-olds in the County access to free, quality, developmentally appropriate, culturally responsive preschool experiences. Preschool allows families to go to work knowing that their children are in a safe and enriching environment, a resource that has been increasingly unavailable due to the COVID-19 pandemic and disproportionately unavailable to families of color. This offer encompasses the project resources required to implement additional technology solutions that will support parents applying to, County staff administering and preschool providers participating in the program. This offer represents the second phase of work.

Program Description

The Department of County Human Services is responsible for developing, implementing and operating the Preschool for All program. The County's Information Technology Division of County Assets is responsible for providing the technology solutions to support the program. This program is funded through a voter-approved tax revenue source. Information about the program can be found at <https://www.multco.us/preschool>

- These are the high level needs for the 2025 fiscal year:
- Sr. Business System Analyst to manage and implement software and technology
 - Minor enhancements to the Bridgecare software
 - Automated phone call technology for parent and preschool provider notifications
 - Customer support software to manage requests and needs from applicants and providers
 - Integration development across platforms for automation

This program aligns with the County's mission, vision and values, and addresses equity related to education services delivered to the community. This position is responsible for the integration of an equity lens in the capture, storage, and analysis of data to ensure the anti-racist values of the Multnomah County are practiced from technology decision making through dissemination. This work will position the Preschool and Early Learning program to better track statistics that empower the program to prioritize resources, target interventions, and advocate for policies that dismantle root causes of inequity in our community.

This offer includes external vendor costs and internal project-based resources to establish the vendor solution. The Bridgecare solution was implemented in spring of 2023, and there will continue to be the need for additional customization and automation.

Performance Measures

Measure Type	Performance Measure	FY23 Actual	FY24 Budgeted	FY24 Estimate	FY25 Target
Output	Implement support queue software that facilitates management of requests for help from the public.	N/A	50%	50%	100%
