Executive Summary

This program is responsible for providing vehicle and equipment maintenance and repair services, including offering transportation and related support services that are responsive to the needs of all agencies throughout Multnomah County. The goal of the program is to ensure vehicles are kept in good working condition and are easy to access and operate, so they are available when required to deliver the critical services our community needs.

Program Description

Fleet's goal is to provide services to the more than 800 fleet assets that are critical for County agencies to meet their service delivery goals. These services include:

- -Policy and operational procedure development and implementation;
- -Inventory management; regulatory compliance; customer consultation and advice;
- -Coordinating towing needs and vendor repairs; equipment fabrication and modification specialty work;
- -Performing scheduled, unscheduled and emergency in-shop and field repairs; emissions inspections
- -Warranty/recall management and support;
- -Fuel management (onsite/offsite);
- -Vehicle washing and detailing (onsite/offsite);
- -Driver safety, risk, liability, and collision claims management.

Fleet's primary customers are other County agencies. Fleet provides maintenance services at the Yeon Shop facility and at City of Portland Fleet sites. County agencies interact with Fleet through in person interactions at our sites, via email and by accessing our information on the County intranet. Fleet also facilitates periodic meetings between customers and Fleet leadership. Metrics are reviewed, updates provided, and opportunities for improvement identified.

Fleet collaborates with County agencies on our services to ensure we are helping them succeed. This ensures fleet assets are available for use to meet the needs of the vulnerable populations they are serving. We also manage our expenses so more revenues are available to be directed toward the work done for those underserved populations.

Significant Program Changes

Last Year this program was: FY 2023: 78400 Fleet Services

Fleet operations non-personnel expenditures increase due to supply chain, fuel costs and inflationary pressures. In addition, FTE increases by 1.00 FTE due to a Limited Duration Appointment position conversion to permanent FTE.
