Executive Summary

The Motor Pool program offers a shared pool of vehicles and carsharing options for County use, enabling employees an accessible and convenient option for work-related travel. Motor Pool services provide important short-term transportation options for staff working at off-site locations.

Program Description

The goal of this program is to offer County employees accessible and convenient options for work-related travel. Motor Pool services connect with numerous County departments with an overarching goal to seamlessly support and engage with the community.

There are two County owned motor pool sites supporting the County's short-term business transportation needs using County owned vehicles. In addition, County employees can access the car rentals through a contract with Enterprise. Work is being done to restart the CarShare program to support employees at downtown locations for the Health and Human Services departments, who regularly travel to meet the people they serve. This blend of County-owned and vendor-supported motor pools strives to remove barriers to transportation and provides employees with accessible and convenient options for work-related travel.

We include County departments in our budget decision-making process and try to align the program's strengths and funding with the County department's goals. We recently purchased two 15-passenger vans for the motor pool to provide clients with more accessibility and increase their capacity to support our community into the future.
