# **MULTNOMAH COUNTY SERVICE DISTRICT BUDGET FOR FISCAL YEAR 2018-2019**

### Introduction

Multnomah County's Service Districts have been created under the provisions of the Oregon Revised Statutes, Chapter 451, to provide construction and operation of sanitary sewer systems and to provide street lighting in particular areas of the County. The Multnomah County Board of Commissioners serves as the governing body of each District. The budget committee for each District consists of the members of the Board and residents of the District appointed by the Board.

The annual budget for each district is prepared under the direction of a budget officer designated by the Board. On May 3, 2018 the budget committee reviewed and approved as submitted by the budget officer and later adopted on June 14, 2018.

These procedures fulfill the requirements of Oregon's Local Budget Law (ORS 294), which provides specific methods for obtaining public review and comment on the financial and administrative policies of the Districts.

## **Explanation of the Budget Document**

This document consists of a detailed schedule of the resources and requirements of the District.

Preceding the financial information for each District is a brief budget message, which discusses special items pertaining to the District, including any major changes in either resources or requirements.

## **Service Districts' Financial Policies**

Multnomah County Department of Community Services provides administrative and financial services respectively, to the two Districts. Each District is, however, a separate and independent financial entity. Expenses incurred, such as administration, finance, maintenance and engineering are met with revenue from sewer user charges, connection fees and/or assessments to real property within the street lighting or sanitary sewer service district.

For the purposes of countywide financial reporting, each district is treated as an Enterprise Fund and accounted for on the accrual basis of accounting. This practice conforms to generally accepted accounting principles (GAAP). Under the accrual basis of accounting, all revenues are recorded at the time they are earned and expenditures are recorded at the time they are incurred. Budgets and comparative historical cost summaries are prepared using these bases. This practice conforms to Oregon's Local Budget Law.

# **Summary of Service District Requirements**

SERVICE DISTRICT	ACTUAL 15-16 ACTUAL 16-17		<b>BUDGET 17-18</b>	ADOPTED 18-19

# MULTNOMAH COUNTY SERVICE DISTRICT APPROVED BUDGET FOR FISCAL YEAR 2018-2019

## Budget Message — Mid-County Street Lighting Service District No. 14

This County Service District originally known as Tulip Acres Lighting District when formed in 1967 now includes most of the unincorporated urban area of Multnomah County as well as the cities of Fairview, Maywood Park, and Troutdale. District growth has stabilized due to the substantial completion of municipal annexations.

Portland General Electric (PGE) provides energy for the District through tariffs approved by the State Public Utility Commission. The County's Department of Community Service provides administration, development review/coordination and manages contracts for system maintenance and repair of the District's infrastructure.

The District budget was approved with a 500,000 capital program for the fiscal year 2018 – 2019 to replace 500 high pressure sodium ornamental street lights with the energy efficient Light Emitting Diode (LED) decorative luminaires.

The District's current assessment is \$60.00 per property per year. For fiscal year 2018-2019, the district will not change the rate. This rate provides the District with the necessary operating resources to match needs.
