### MAJOR GOVERNMENTAL FUNDS

Major governmental funds are defined as those funds whose revenues, expenditures/expenses, assets or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental funds for the same item. The general fund is always classified as a major fund. The modified accrual basis of accounting is used to record revenues and expenditures.

- **General Fund** accounts for the financial operations of the County which are not accounted for in any other fund. The principal sources of revenues are property taxes, personal income taxes, and business income taxes. Primary expenditures in the General Fund are made for general government, public safety, and health and social services.
- **Federal and State Program Fund** a special revenue fund that accounts for the majority of revenues and expenditures related to Federal and State financial assistance programs.
- **PERS Pension Bond Fund** accounts for payment of principal and interest payments on pension obligation bonds that were issued to fund the County's PERS unfunded liability. Revenues consist of charges to departments and interest. The schedule of revenues, expenditures, and changes in fund balances budget and actual for the PERS Pension Bond debt service fund is on page 115.
- Sellwood Bridge Replacement Fund accounts for expenditures for construction and replacement of the Sellwood Bridge. Resources are derived from Vehicle Registration Fees, City of Portland, Clackamas County, the State of Oregon and a request for federal funds, debt issuance or other financing proceeds. The schedule of revenues, expenditures, and changes in fund balances budget and actual for the Sellwood Bridge Replacement capital projects fund is on page 122.

### PROPRIETARY FUNDS

The County utilizes eight Proprietary Funds made up of three Enterprise Funds and five Internal Service Funds. Internal Service Funds' statements begin on page 126.

#### **Enterprise Funds:**

These funds are used to finance and account for the acquisition, operation and maintenance of sewage treatment facilities, street lighting facilities and mental health claims administration, which are supported by user charges. The County accounts for certain expenditures of the enterprise funds for budgetary purposes on the modified accrual basis of accounting. For financial reporting purposes the accrual basis of accounting is used. The difference in the accounting basis used relates primarily to the methods of accounting for depreciation and capital outlay. Funds included are:

- **Dunthorpe-Riverdale Service District No. 1 Fund** accounts for the operation of the sanitary sewer system in southwest unincorporated Multnomah County. (A blended component unit of Multnomah County.)
- Mid County Service District No. 14 Fund accounts for the operation of street lights throughout unincorporated Multnomah County. (A blended component unit of Multnomah County.)
- **Behavioral Health Managed Care Fund** accounts for all financial activity associated with the State required behavioral health services.
