Item/Action	Process	Lead
Welcome, Introductions, & Minutes Review	 Board members thanked those who presented to the Board of Commissioners and the Public Health Division staff who helped them prepare Reception to the presentation was very positive Commissioners were interested and engaged Striking how far MCPHAB has come March agenda was approved February minutes were approved 	Suzanne Hansche
MCPHAB Board of Health Presentation	 This committee was created a year ago, with the end goal of presenting to the Board of County Commissioners We ended the year meeting that goal Thank you for being so courageous Suzanne: When doing research on issues, we did our own community research and brought that knowledge forward This was really impactful when prioritizing Able to bring best community selves forward That's where we have strength and expertise 	Rachael Banks, Suzanne Hansche
Board of Health Next Steps	 Right on track with the spring timeline Pulling together internal experts in Public Health and Mental Health Addiction Services to discuss priority areas and plan policy on leading causes of death Last meeting will occur April 10th, so there should be a shell of a plan ready for MCPHAB in April Chair wants us to prioritize tobacco first Bringing plan to Chair by the end of April Plan is to develop a 4-year plan to implement policy Prioritization may get set back due to current budget work, but it may also be the ideal time to bring these issues to the forefront for commissioners (Suzanne) How much of the process will have happened by the full board meeting in April? What level of reporting on the process might you have by then? If we're looking at a 4-year plan, and looking at tiered strategies, can we look at strategies on how they may be linked? e.g. safe and stable housing tied to tobacco work Adelle: T21 was couched in youth access Alcohol and substance use go hand-in-hand Wouldn't have time to vet with the Chair before MCPHAB meeting Discussion taking place on equity issues regarding proximity of retailers to school Ethics committee Could be expanded to place-based strategy (e.g. 	Rachael Banks, Adelle Adams

	Could put it together in a tobacco package	
	Could be a County tax Collegeration are the apply to become product not proceed by state.	
	 E-cigarettes are the only tobacco product not preempted by state Group is comfortable adding this issue to the tobacco package: 	
	o Flavor ban, retailer proximity to schools, e-cigarette taxes,	
	minimum pack size?	
0	Rachael:	
	Usually start with Chair's office	
	Go to workgroup meetings	
	Stakeholder engagement plan: focusing on district 4 staff on education	
	o Working with youth	
	o Mini roadshow at other city council meetings and do an	
	educational roadshow there	
	o (Daniel) What is the timing for putting together a tobacco package? Is there a way to	
	get together a draft so that this isn't a bottleneck?	
	 Second internal PH meeting on April 10th; afterward could come up with a plan 	
	Staff supportive of tobacco issues	
	o Board should feel free to put together a draft to be voted on in April	
	o Chair brought forward minimum pack size issue	
	 County ordinance could define a mini cigarillo however it wants 	
	 This could be more explorative 	
	Chair has shown curiosity towards issue	
	Could be complicated - same class as expensive cigars	
	o Some policies could be couched under the Tobacco Retail License and easier to enact	
	o Next steps by Commissioners:	
	 Would firmly request a briefing on policy recommendations Then they'd do a public reading 	
	 Then they'd do a public reading Minimum of 3 other public-facing sessions 	
	Action Items:	
	PH Approaches Committee will bring forward recommendation to focus on tobacco	
	policies out the gate at April meeting	
	PH Approaches Committee will put together a draft of the tobacco package to be voted	
	on at April Board meeting	
	Government Relations came and shared what priorities are	
	Alignment in supporting that in terms of Public Health	
	Adelle is trying to be proactive about when there is a role that MCPHAB can play	
	o e.g. providing testimony	
	Sometimes the turnaround is too fast	
	Oregon Legislative Information System (OLIS)	
	o Adelle is more than happy to talk it through	
	o Suzanne: OLIS is easy to use now Want to make sure that we're empowered to do research on bills	
	highlighted by the Division	
	e.g. testimony done by County employees	
	 Can dig into what we can contribute based on community input 	
Legislative	o Tobacco tax - can go into system and see who provided testimony and predict	
	opposition	Adelle
Session	After first chamber deadline Adelle can let folks know what bills are still alive	Adams
	o Tobacco bills are not subject to deadline (ways and means)	
	Almost everyone who has been looking at tobacco taxes has opined that it will be on	
	the ballot	
	How do we mount an educational campaign before we are restricted in what we can	
	say as County employees?	
	 Argument against tobacco tax is that it is regressive Finance argument - need to get prepared with stakeholder engagement and 	
	Finance argument - need to get prepared with stakeholder engagement and opposition's perspective	
	Action Items:	
	Adelle will let MCPHAB know when there is a role for MCPHAB, particularly for	
	providing testimony	
	Adelle will pass along which bills are still alive after the first chamber deadline
