Program Summary

Central Library is a community facility where patrons attend classes, programs, and forums that provide opportunities for neighbors to interact. County residents have access seven days per week, including some evenings, to nearly 700,000 books and other items from this library. Central Library patrons checked out over 2,000,000 physical and digital items last year. Central Library empowers new immigrants, small business owners, seniors, students and people experiencing homelessness by providing informational tools to develop life skills.

Children and young people participate in storytimes and Summer Reading at Central Library. Over 111,000 children participated in the 2017 Summer Reading program across the library system, and 9,500 people attended youth programs at Central Library last year. Research indicates that youth participation in summer reading programs results in improved reading skills and enhances all other learning.

Patrons develop critical life skills through job training resources, book groups, opportunities for civic engagement, and other library programs. To support critical life skill development and digital literacy, Central Library staff conducted 303 individualized patron appointments, a service that had a nearly 100% satisfaction rating.

Central Library provides opportunities for diverse neighbors to interact and engender a sense of community. The library partners with other organizations to improve work and life skills through free public programs. Central Library offers space for library-organized and community-led events to discuss ideas and issues of public interest. Central Library presented 855 programs to over 12,700 participants last year. Libraries provide opportunities and resources for lifelong learning by providing free access to computers and high-speed wireless internet. Central Library provides 690,000 internet and wi-fi sessions annually on library and patron devices, including on 153 library-provided public computers. Central Library hosted 116 free computer classes and labs to help attendees develop life and job skills.
