**Program Characteristics:** Measure 5 Education

**Executive Summary**

School-Age Services (SAS) improves kindergarten through high school students' reading and information literacy by training students to effectively use public library online research tools; by connecting students with dynamic book collections and reading motivation programs; and by offering curriculum support, training and resources for their educators, parents and caregivers. Services are targeted toward students at risk of low literacy.

**Program Summary**

School-Age Services staff, who are trained in research, booktalking and reading promotion, serve students, educators, parents and caregivers in public and private schools, community agencies, county programs, treatment facilities and other locations serving school-age youth.

Staff provide information, books, training, recreational programs and technical support to increase students' and invested adults' literacy and information skills. Thousands of quality children's books are delivered to schools and community agencies. School Corps (SC) provides direct service to students, parents and educators during the school day, after school and during the summer. Librarians collaborate with educators to increase students' academic success and literacy in the county's K-12 schools and SUN programs by training students to use public library resources effectively and efficiently for research and pleasure reading.

BOOKS 2 U (B2U) staff and volunteers introduce students to high-interest books through booktalking programs and by providing paperback copies of books they promote. Their goal is to introduce Multnomah County Library as an educational partner and significant resource. To that end, B2U staff attend and present at parent and family night programs; provide library cards to children served; and promote the library's Summer Reading program, as well as the neighborhood library and its services.
