Executive Summary

Programming and Community Outreach (PCO) leads the library's public programming, community outreach, public training, Reader Services and partnership initiatives, and includes oversight of Library Outreach Services (LOS). PCO ensures that activities align with library priorities, is accountable for resource allocation, coordinates and supports staff engaged in this work, and assists in research and evaluation. Responsibilities include scheduling, grant writing, exhibition building, volunteer coordination, staff and public training, event management, website content creation, publicity and fiscal oversight.

Program Summary

Programming meets the informational, educational and entertainment needs of library users by providing a wide array of in-person and virtual activities, experiences, learning opportunities and exhibitions that complement library materials and services. Programs include arts and cultural programming for all ages, author and literature programs, and book discussions. Public technology training ensures all members of the community have an opportunity to learn how to use technology to navigate our world — everything from filling out job applications online to keeping in contact with friends and family. Programming and Community Outreach staff provide the professional and technical expertise to make more than 4,100 programs possible each year and help 53,400 people learn about and interact with their community.

Community outreach extends library services and programs to a broader section of the population by taking services and programs out of the library and into the particular environment of a patron or group of patrons. This work ranges from outreach programs and services for older adults, new immigrants and adult learners to promoting the library and providing information services, community events and presentations to local organizations.

Reader Services is responsible for establishing, implementing and keeping current the vision of readers' advisory as part of Information Services. Staff lead systemwide training, program and service initiatives in this area, working with other divisions to engage the community and generate excitement around reading.

Community partnerships result in programs and services that leverage the unique strengths and resources of each organization. Partnerships increase and enhance the library's visibility in the community and establish goodwill between the library and other organizations and their users. Partnerships make programs like Everybody Reads possible. Partners include Oregon Humanities, Portland State University, Portland Community College, Delta Society, OASIS, Portland Opera, Oregon Symphony and Multnomah County's Aging and Disability Services.

The district summary states in pertinent part: "If approved, the Multnomah County Library District would be formed with a permanent rate dedicated to library services, operations, books, materials, programs, activities and oversight of the district. Formation of a District would ... prevent reductions in services, programs and activities, and hours."
