Executive Summary

The Marketing and Communications program leads internal and external communication strategy, maintaining and evolving the library's public image, brand, social media presence, and informational resources to connect the community to library resources, programs, and collections. Marketing and Communications uses library priorities to center the needs of historically underserved and oppressed communities.

Program Description

ISSUE: Marketing and Communications (Marcom) provides essential communication services to the library and the thousands of library users each day, both online and in person.

PROGRAM GOAL: This program supports internal staff communication and creates lasting, meaningful relationships with the community to uphold the library's core pillars.

PROGRAM ACTIVITY: Marcom maintains an informative and engaging strategic online presence in social media and email marketing, overseeing the library's brand and identity. It develops strategies to promote library use, and creates mechanisms to gather library user feedback and input. This program provides critical guidance and input into systemwide strategic decisions, and also provides clear, timely information to the public and the news media, including the coordination, application, and translation of information to distinct cultural and language communities. Marcom communicates with library staff about the ongoing evolution of library services and resources, and advances the library's priorities and community engagement ethos for the reinvention of library spaces.

RACIAL EQUITY ADVANCEMENT: Marcom uses the County's Community Opportunity Map (layers of statistical demographic measures), Knowledge, Skills, and Abilities (KSA) staff allocation, and cultural- and language-specific resources to engage diverse communities of color in ways that are relevant—through language, design, and platform. Marcom partners with KSA staff to understand and respond to specific community needs and connect people with library services and resources.

Performance Measures Descriptions

Legal / Contractual Obligation

The budget reflects the passage of Measure 26-143: "Form Library District with permanent rate to fund library services," November 2012 General Election. The district summary states in pertinent part: "If approved, the Multnomah County Library District would be formed with a permanent rate dedicated to library services, operations, books, materials, programs, activities and oversight of the district. Formation of a District would...prevent reductions in services, programs and activities, and hours."
