Executive Summary

Integrated Library Services (INTS) provides equitable access to diverse, dynamic, and relevant collections of physical books and digital information for all ages. This program honors the lived experience of all community members and the languages they speak. This informs the way that INTS selects, acquires, catalogs, processes, and distributes library materials to ensure that library collections are responsive to our communities and that patrons have positive experiences with library materials. INTS also manages technical tasks and policies that allow patrons to use materials.

Program Description

ISSUE: Public access to information, educational opportunities, technology, and connection with others are systemically lacking in Multnomah County. There are substantial limitations for no-charge, culturally specific community hubs that provide access to language learning, early literacy, technology support, and more.

PROGRAM GOAL: Integrated Library Services (INTS) ensures that the books, media, and electronic resources that support these needs are available to the public.

PROGRAM ACTIVITY: INTS staff oversee all aspects of provision and access to the library's collection of materials. This includes selecting, purchasing, and digitizing materials, maintaining an accurate catalog of materials, processing physical items for library use, evaluating collection usage and diversity, implementing equitable circulation policies, arranging timely distribution of materials throughout the system, mailing holds and outreach items directly to patrons, coordinating borrowing with other libraries, and maintaining technical systems supporting this work. The library collects materials in various formats to serve patrons with visual or other disabilities. This program works to reduce barriers to access through policy changes and direct services, such as mailing holds to patrons who are unable to access them at a library location. Library users provide input on collection decisions by suggesting items for purchase or requesting materials through interlibrary loan.

RACIAL EQUITY ADVANCEMENT: INTS serves county residents of all ages, ethnicities, and economic backgrounds, reducing barriers and providing a wide range of materials. The collection includes materials in English and five other primary languages (Spanish, Chinese, Vietnamese, Russian, and Somali), as well as other world language collections, including Ukrainian. Overall budgets for related materials have more than doubled since 2017. This team includes speakers of multiple languages from multiple cultures—as well as our employees with specific cultural and language knowledge, skills, and abilities—who work for and with those communities to create collections that meet community needs. INTS includes selectors for materials related to Black Culture, as well as a new position dedicated to Indigenous Cultures.

Efficiency	Turnover rate, physical and digital content	5.9	6.0	6.0	6.0

Performance Measures Descriptions

“Turnover rate” measures the activity of a library’s collection, reflecting annual average use per item, and is a long-standing metric for libraries across the country. Metrics that rely on the patron survey are from the most recent survey, completed in October 2022. The library is currently redesigning the patron survey, and will complete the next iteration in the fall of 2024.

Legal / Contractual Obligation

The budget reflects the passage of Measure 26-143: “Form Library District with permanent rate to fund library services,” November 2012 General Election. The district summary states in pertinent part: “If approved, the Multnomah County Library District would be formed with a permanent rate dedicated to library services, operations, books, materials, programs, activities and oversight of the district. Formation of a District would...prevent reductions in services, programs and activities, and hours.”

Significant Program Changes

Last Year this program was: FY 2024: 80020 Integrated Library Services

The Library Operations Center opened in November 2023 and will house 500,000 books, as well as a 62-bin Automated Materials Handling system. Purchasing for new collections (with bond funds) for opening day at our new libraries began this year. As of February 2024, 64 pallets of books have arrived. Orders for more than double that will be completed by the end of FY 2024. A librarian position dedicated to selecting and procuring materials for the Indigenous community was also added.

Several Access Services Assistant positions have been reassigned from library locations to support the work of the centralized Sort Center in the new Operations Center.
