Testimony:

I support Metro's proposal for the North Tualatin Mountains. I have been an avid mountain biker for the past 20 years and am now sharing that passion with my two children (age 9 and 12) and would love to have more beginner and intermediate options nearby for us to explore the outdoors by mountain bike. Today I must travel 37 miles east or west by truck with our bikes to find any significant single track. With so much land close to our city core, it is a shame we don't have the best options in the country...but fortunately we can change that. This would be a great step in that direction!

Best,

Paul
