RE: Road Rules Variance Application for a Multnomah County Design Variance for EP-2017-6780

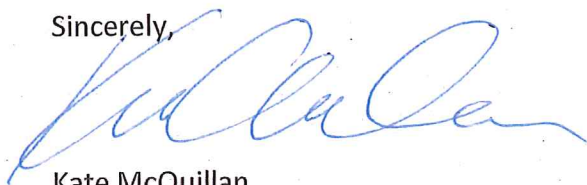

Dear Mr. Shepherd:

I am pleased to inform you that I have received all materials required to process your Road Rules Variance application for a Design Standard Variance, and that that application is deemed complete as of December 31, 2018.

Per Road Rules Section 16.310E(2), the noticing requirements for the Road Rules Variance will be incorporated into the concurrent Multnomah County land use application for the proposed site development at Burlington Creek Nature Park, Case File No. T3-2017-9165.

I look forward to helping you move this project through the process. Please do not hesitate to contact me if you have any questions.

Sincerely,

Kate McQuillan
