

# WARNING: COLORED POWDERS MAY CONTAIN LEAD

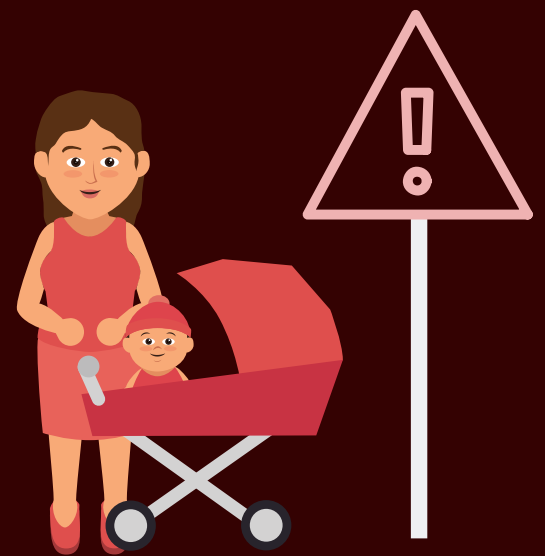

## LEAD IN SINDOOR, KUM KUM, TIKKA AND ROLI

Red, orange and yellow colored powders used by Hindu communities may contain lead — a poisonous metal that can harm people if it enters the body.

### WHO IS AT RISK?

Young children and pregnant women who eat foods with lead are at risk of lead poisoning, which can hurt normal brain development.

### WHAT CAN YOU DO ABOUT IT?

- Wash your hands after handling products.
- Keep containers away from children.
- Ask for a blood lead test from your doctor.
- Test your powder by calling the Leadline at 503-988-4000 for options.
