## Multnomah County Updates

### Epidemiology Data

This is a dynamic situation. Information and case counts are changing rapidly and the incident is ongoing.

#### COVID-19 cases and deaths in Multnomah County and in Oregon

There were **101 new confirmed and presumptive COVID-19 cases** reported in Oregon on June 14.

**Thirty-two** of these new cases are in Multnomah County. Since the pandemic began, there have been a total of 1,519 confirmed and presumptive COVID-19 cases in Multnomah County and 5,636 cases in Oregon.

Multnomah County cases make up 27% of the state's total. The chart below shows cases over the past week.

*(chart on next page)*

(Source: [Oregon Health Authority](#))

There were **two new COVID-19 deaths in Oregon** reported on June 14. **One** of these deaths was in Multnomah County. A total of 68 people are known to have died of COVID-19 in Multnomah County since the pandemic started, and there have been 176 known COVID-19 deaths in Oregon, statewide. Multnomah County deaths make up 39% of the state's total. The chart below shows deaths over the past week.

(Source: [Oregon Health Authority](#))

National and global data about COVID-19 cases and deaths are tracked in the [COVID-19 Dashboard](#), available through Johns Hopkins University's [Coronavirus Resource Center](#).

### Race and Ethnicity Impact in Multnomah County

Detailed local data, including demographics (race, sex, age, and housing status) are available in the [Regional COVID-19 data dashboard](#) hosted by Multnomah County. The dashboard also contains data on case counts, hospitalizations, symptoms and coexisting conditions, and testing. For statewide data on COVID-19 cases in Oregon by sex, age group, race, and ethnicity, consult the Oregon Health Authority’s [Demographics and Disease Severity dashboard](#).

The charts below show **the percentage of total cases, deaths, and hospitalizations by race and ethnicity (in gray)**, as of June 13, 2020. Each chart also shows **the proportion of Multnomah County’s total population by race/ethnicity (in orange)**. Instances where the percentage of cases, deaths, and hospitalizations exceeds the proportion of Multnomah County’s total population by race/ethnicity indicate the communities that are most impacted by health inequity from COVID-19. These differences may reflect the inequitable distribution of the risks of being exposed to COVID-19 and the opportunities to access medical care and COVID-19 testing.

#### Cases by race/ethnicity and population proportions

# Multnomah County Emergency Operations Center Updates

The Multnomah County Emergency Operations Center (EOC) is a temporary network that works within the Mission, Vision and Values of Multnomah County. The EOC develops objectives based on guidance from the Chair and Chief Operating Officer. The EOC provides wrap around services to support County departments that are operating beyond their normal capacity. The EOC provides a framework that incorporates staff from across all County departments, as well as community volunteers and representatives from partner agencies and organizations to direct the full complement of this combined effort toward accomplishing the County's objectives.

## EOC Section: [Public Information](#)

### Media highlights

- [Multnomah County Novel Coronavirus COVID-19 website:](#)
  - Improved the visibility of the County's [free, low-barrier testing for people who have COVID-19 symptoms](#) on the [Multnomah County Health Department website](#), and on the page describing the county's [Primary Care Clinics](#).
  - Updated the [COVID-19 Testing](#) page to include a list of testing sites and information about what to expect from your COVID-19 test; and added a new flyer: [What to expect from COVID19 test and where to get tested](#).
  - Updated the guidelines on self-isolating on the [When to seek care](#) page, and added a link to the Centers for Disease Control's [COVID-19 in Racial and Ethnic Minority Groups](#).
  - Updated the [Contact tracing page](#) to emphasize that participation is voluntary and that contact tracers will never ask for banking information.
  - Added a link to Prosper Portland's [Business Reopening Resources](#) to the [Business Reopening Tools](#) page.
  - Added a new page: [Posters and Flyers for Download](#).

### Social media highlights

- [Multnomah County Facebook](#)
  - [Oregon Governor Kate Brown announced a one-week statewide pause on reopening](#).
- [Multnomah County Health Department Twitter](#)
  - [Face Masks](#): Many don't have the option of teleworking. As we are out day-to-day, it's important to wear face coverings to protect one another from #COVID19.
  - [East County COVID-19 test site](#): The East County #COVID19 test site is open Mondays & Thursdays from 9:30 am - 4:00 pm. Call 503-988-8939 for an appointment. [Details and information about who should be tested](#).

## EOC Section: [Operations](#)

The Operations section has several operational areas, each of which report on daily metrics. Weekly metrics are reported each Wednesday.

### Resource Request Unit

The Resource Request Unit is a group of diverse subject matter experts that represent and advocate for the needs of the communities Multnomah County serves. The team allocates critical supplies and Personal Protective Equipment (PPE) to health and community organizations in order to prevent the spread of COVID-19. When allocating PPE, the Resource Request Unit prioritizes organizations experiencing an outbreak, organizations that perform life saving operations (hospitals, clinics, etc), and organizations that serve communities of color, people ages 65 and older, and people with underlying health conditions. These priorities are part of Multnomah County’s commitment to dedicate resources to the populations most impacted by COVID-19.

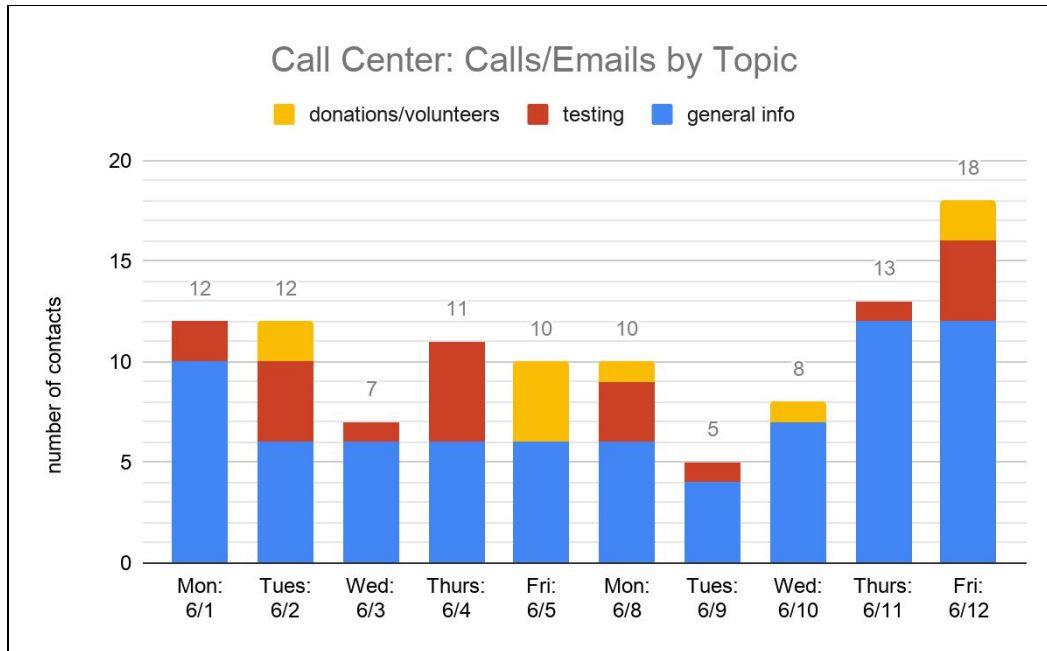

Daily Metrics: The Resource Request Unit tracks how many requests for resources it processes over a 24-hour period ending at 12 pm each day. The chart below shows the number of daily requests processed over the past two weeks.

Call Center

For the questions that are not answered on the [County’s Frequently Asked Questions \(FAQs\) page](#), the County’s Call Center serves as a safety net and ensures that everyone who calls or emails with a question receives a timely response.

Daily Metrics: The Call Center tracks how many calls and emails it responds to each day (the Call Center is open Monday through Friday). The chart below shows the number of calls and emails per day for the past two weeks, broken down by three topic categories.

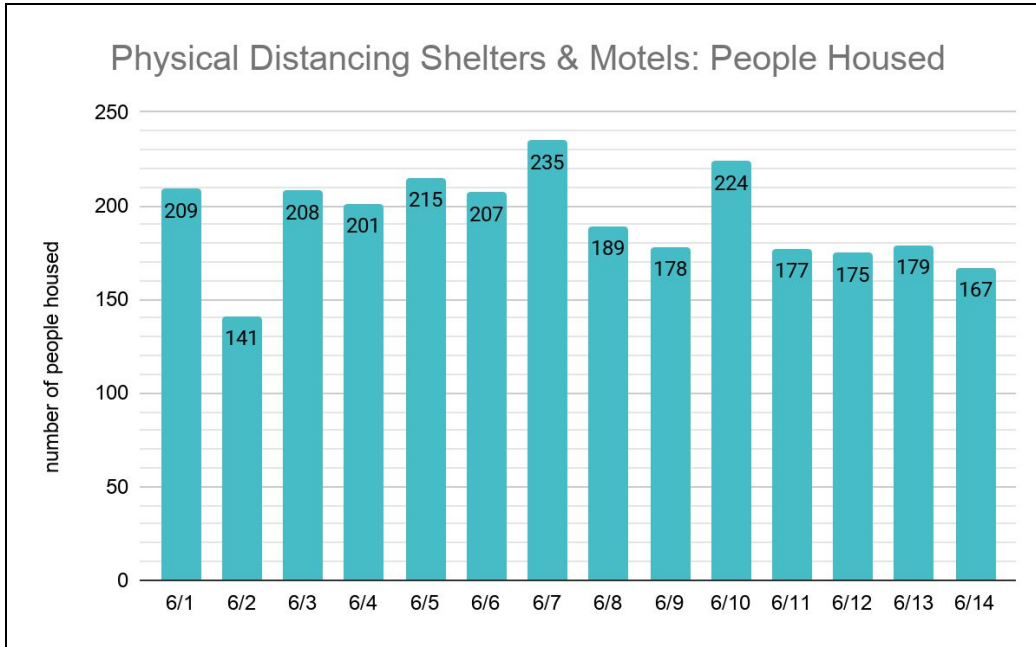

The Call Center is open Monday through Friday.

EOC Section: Mass Care and Shelter ([Emergency Support Function 6](#))

Multnomah County operates three Physical Distancing Shelters and one Physical Distancing Motel, with a total capacity of **365** people; as well as two Isolation Support Motels with a total capacity of **120** people.

Daily Metrics: The Mass Care and Shelter Unit tracks how many people are housed in Physical Distancing Shelters and Motels, and in Isolation Support Motels each day. The charts below show the number of people housed for each day of the past two weeks.

(charts on next page)

*Note: On 6/2 and 6/6, data for one of the Physical Distancing Shelters and Motels were unavailable.*

## EOC Section: [Logistics](#)

The Logistics Section supports the response actions of all other EOC sections. Logistics focuses on procedures for activating, dispatching, distributing, allocating, tracking, and deactivating resources needed for emergency and disaster operations from government, private, or volunteer sources. For Multnomah County’s COVID-19 response, important Logistics functions include coordinating the donation of supplies, delivering resources to community partners, and coordinating volunteers.

## Donations Unit

Multnomah County and the City of Portland are working to match [donations and offers of service](#) with community needs. Please [fill out this form](#) so we know how you want to help. The donation and volunteer coordination team will contact you if we identify a community need that matches your offer.

## Personal Protective Equipment (PPE) and other goods and services

Multnomah County and the City of Portland are seeking specific protective gear, which should be unused and in good condition:

- Home-made face covers or home-made cloth face coverings: Multnomah County's Operations team is dedicated to ensuring that these scarce resources are distributed to our Black, Indigenous, and People of Color (BIPOC) communities. Across the country, these communities are statistically more likely to suffer grave outcomes of COVID-19 and are, therefore, our donation priority. A multi-jurisdiction, multidisciplinary team is working with community organizations across the county to distribute these, and other supplies.
- Procedural masks
- Surgical masks
- N95 respirators and N95 filters
- Other respirators (P100's, PAPR's, and PAPR supplies or parts)
- Gowns
- Hand sanitizer
- Disinfecting wipes
- Environmental Protection Agency (EPA) registered disinfectant

## **We are no longer accepting the following:**

- Face shields
- Splash shields
- Incomplete face coverings (we are unable to assemble masks from donated materials)
- Medical and first-aid supplies not listed above
- Pet food

## Donation drop sites:

***\*\*Please only drop off the supplies listed above\*\****

### Portland Fire & Rescue

1300 SE Gideon St., Portland

Noon to 4:00 pm Monday through Friday

### Multnomah Building

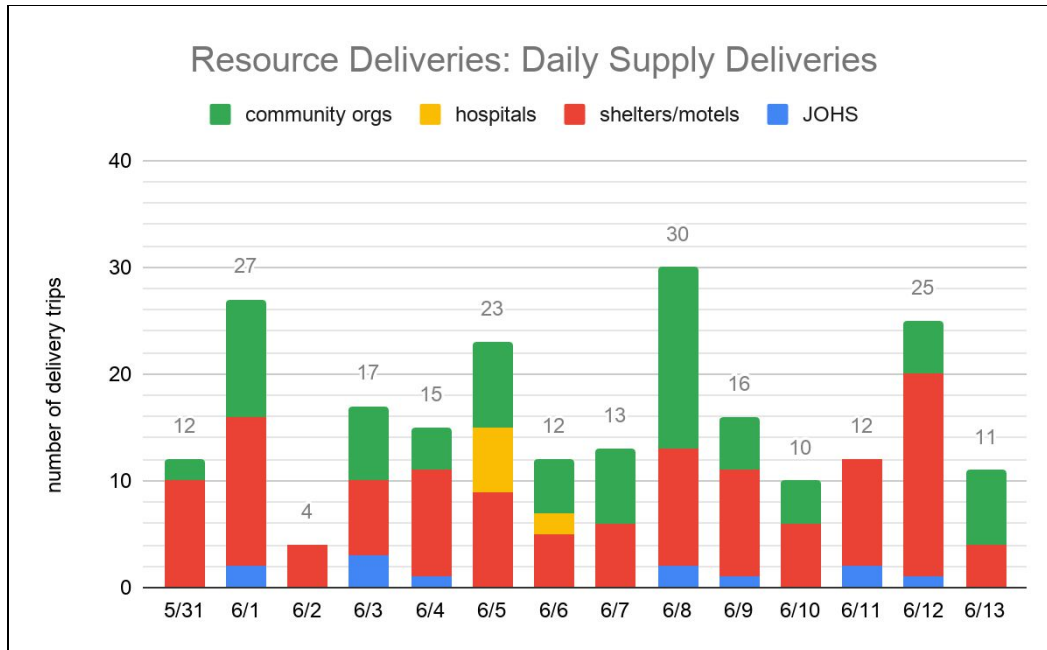

501 SE Hawthorne, Portland (loading dock on 6th St.)

9 am to 3 pm Mondays and Wednesdays

10 am to 12 pm Saturdays

Resource Deliveries

Logistics provides transportation for numerous response functions, including delivering supplies to community partners. The chart below shows the number of daily trips delivering resources to community organizations, hospitals, County-run physical distancing shelters and medical motels, and emergency outdoor shelters run by the City of Portland and Multnomah County’s Joint Office of Homeless Services. The chart does not represent the quantity of supplies included in these deliveries, so a single delivery could include small or large quantities of resources.

EOC Section: [Community Liaisons](#)

Liaisons with subject-matter expertise have been identified to support community organizations, businesses, and agencies and are meeting weekly. Liaisons are listed below and are available to members of their respective sectors. Requests for additional sectors to be created that are not covered by the established liaisons can be sent to the Liaison Group Supervisor. If you are interested in serving as a liaison, please contact the Liaison Unit Leader. Please note that the cost for non-County staff interested and able to fill vacant roles will be the responsibility of their organization.

General announcements

- The Oregon Health Authority (OHA) is extending an invitation for funding opportunities to Community Based Organizations throughout the state to support the following:
  - community engagement, education and outreach
  - contact tracing
  - social services and wraparound supports

The OHA will be holding information sessions this week: June 17 in English, and June 18 in Spanish. [More information is available on the OHA website.](#)

## Business

- Prosper Portland continues to hold sector and community-specific listening sessions to gather feedback from local business owners on how the city can support businesses during the phased reopening. The feedback will be shared with the [Economic Recovery Task Force](#) to inform its recommendations on policy and program changes at the city level. Registration is open for:
  - [Asian & Pacific Islander Business Owners Listening Session](#): Tuesday, June 16, 3:00-4:30 pm.
  - [Gyms Listening Session](#): Monday, June 22, 2:00-3:30 pm
  - [Russian-Speaking Business Owners Listening Session](#): Tuesday, June 23, 3:00-4:30 pmAdditional industry-specific sessions will be scheduled soon. Equity-based community stabilization forums will be added as well, focused on geography-based businesses, residents, and community needs. [More information is available through Prosper Portland](#).

## Governmental and Served Agencies

- Multnomah County Library is hosting a free webinar series Saturdays in June at 10:00 am on [Mind, Body, Spirit: Healing for the African American Community during COVID-19](#). Social worker and professor, [Javelin Hardy](#), will share information about trauma, mindfulness, emotional regulation, and coping strategies for the African American community. Registration for the series is [available via Zoom](#). Upcoming sessions are:
  - June 20: Introduction to cognitive behavior therapy, mindfulness and AfroCentric healing
  - June 27: Implementing grounding skills: distress tolerance-DBT therapy, meditation and relaxation techniques

## Schools

- The Oregon Health Authority has released [guidance for higher education](#) institutions, which includes a requirement for each community college and public university to develop a health and safety operational plan and submit it to their local public health authority.
- The Schools Liaisons are convening a group of representatives from higher education institutions to share information and aid in planning for fall. The first call will be Friday, June 19th from 10:00-11:00 am. Contact the Schools Liaisons at [eoc.liaisonschools@multco.us](mailto:eoc.liaisonschools@multco.us) to join.

## Local Updates

### Media and Announcements

- Both Clackamas and Washington counties have decided to delay submitting their applications for Phase 2 reopening. Details are in [Clackamas County's press release about delaying Phase 2](#), and on the [Reopening Washington County](#) webpage.

## 211 Calls

- There were 70 calls to 211 on Sunday, June 14.
- The most common reasons people called were to ask about the number of cases. Other frequent inquiries were about rent/mortgage assistance and general testing information.

### Reason for Contact

Data for June 14, 2020.

## State of Oregon Updates

### Media and Announcements

- On June 12, the Oregon Health Authority released an update to its modeling report: [COVID-19 Epidemic Trends and Projections in Oregon](#). The report states that there is evidence that COVID-19

transmission has increased since reopening began in Oregon on May 15th. However, the authors note that “It is too early to accurately estimate the effects of phased reopening on changes in COVID19 trends.” Because of this, the report outlines three projections, based on different assumptions about recent COVID-19 trends.

- On June 12, the Oregon Supreme Court vacated Baker County Circuit Court Judge Matthew Shirtcliff’s May 18 ruling that voided Governor Kate Brown’s Stay Home, Save Lives orders. As [OPB](#) reported, “the Baker County case remains open as the parties determine their next steps.” The [Oregonian/OregonLive](#) and the [Baker County Herald](#) also covered the story.
- On June 12, [OPB reported that “Oregon Gov. Kate Brown is preparing to release medically vulnerable inmates](#) as the number of incarcerated individuals who have tested positive for coronavirus climbs to more than 160.”

## Health System Capacity

*As of June 12, 2020:*

<b>Hospital Capacity and Usage in Oregon as reported to HOSCAP*</b>					
<b>Overall Capacity</b>	<b>Available</b>	<b>Total Staffed</b>	<b>COVID-19 Details</b>	<b>Patients with Suspected or Confirmed COVID-19</b>	<b>Only Patients with Confirmed COVID-19</b>
Adult ICU beds	158	790	Current hospitalized patients	133	69
Adult non-ICU beds	882	4,478	Current patients in ICU Beds	47	36
Pediatric NICU/PICU beds	75	283	Current patients on ventilators	15	14
Pediatric non-ICU beds	111	339			
Ventilators	792				

\*Every hospital in Oregon is asked to submit data twice daily to Oregon’s Hospital Capacity Web System (HOSCAP). Data are based on the most recent report from the hospitals, available as of 9:00 a.m. Hospital staff are asked to enter bed capacity information, by type, as well as the number of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in Orpheus due to case reporting and investigation lags and temporary discrepancies in case classification.

*Note: Hospital capacity and usage data is published on weekdays only  
(source: Oregon COVID-19 Update, available from [Oregon Health Authority COVID-19 News](#)).*

# National Updates

## Media and Announcements

- On June 12, Centers for Disease Control and Prevention (CDC) published an early release of its study [Public Attitudes, Behaviors, and Beliefs Related to COVID-19, Stay-at-Home Orders, Nonessential Business Closures, and Public Health Guidance — United States, New York City, and Los Angeles, May 5–12, 2020](#). On the same day, the CDC published two new guidance documents: [Deciding to Go Out](#), and [Considerations for Events and Gatherings](#); and updated its guidance on [Coping With Stress](#).
  - On June 13, the CDC released consolidated recommendations for testing, [Overview of Testing for SARS-CoV-2](#), and updated its [Testing Guidelines for Nursing Homes](#).
  - On June 14, the CDC updated its guidance [Keep Children Healthy During the COVID-19 Outbreak](#).
