Executive Summary

The Department of Community Services (DCS) Business Services program provides administrative, financial and business support for the department. Services include development, management and administration of the department's annual budget, grants management, accounts receivable and accounts payable, payroll, contracts and purchasing, and travel and training coordination. Staff members serve as liaisons between the department and internal service providers such as the Department of County Assets, County Finance and the Central Budget Office.

Program Description

The program supports the work of the Department of Community Services by providing budget development, management and reporting, contracting and procurement, accounts payable and receivable, payroll, grant accounting, administrative support, and implementation of and compliance with all county, state and federal fiscal policies and procedures related to the business of this department.

Business Services personnel work across the County with other departments and agencies, and function as liaison staff between the department and internal service providers such as County Finance, the Central Budget Office and the Department of County Assets.

Business Services also manages two County service districts: The Dunthorpe-Riverdale Sanitary Sewer and Mid-Multnomah County Street Lighting service districts.

Business Services provides responsible leadership and sound budgetary and financial management and delivers results that are consistent with department and County priorities. Centering equity requires us to be intentional about the tools and processes we use to develop our budgets, to smartly use data to understand how we are meeting our goals, and to be thoughtful and transparent in how we talk about who we serve and the impact we're making. We ask for and earnestly listen to feedback from our staff, our customers and clients.
