### Program Description

Business Services provides support to Divisions and Directors Office through budgeting and fiscal planning, contracting and procuring and payment for services, and to maintain financial control and oversight through accounting, fund management, and financial reporting, and risk management.

Business Services goal is to provide responsible leadership and sound budgetary and financial management and deliver results that are consistent with department and County priorities. Centering equity requires us to be intentional about the tools and processes we use to develop our budgets, to smartly use data to understand how we are meeting our goals, and to be thoughtful and transparent in how we talk about who we serve and the impact we're making. We ask for and earnestly listen to feedback from our staff, our customers and our clients.

Business Services' activities include budget development, management, and reporting; accounts payable and receivable; procurement and contracting; grant accounting and reporting; and implementation of, and compliance with, all County, State and Federal fiscal policies and procedures related to the business of the Department; problem solving and financial risk mitigation. We work across the County with other departments and agencies. We serve as liaisons between the DCS and internal service providers such as County Finance, Central Budget, County Facilities, Fleet, Records, IT, Central Purchasing, Risk Management and the County Attorney's office.

DCS Business Services also manages two County service districts: Dunthorpe-Riverdale Sanitary Sewer and Mid-Multnomah County Street Lighting service districts.
