Measure Type	Primary Measure	FY19 Actual	FY20 Budgeted	FY20 Estimate	FY21 Offer
Output	Pet licenses processed	46,869	50,000	50,000	50,000
Outcome	Private donations (dollars)	\$684,532	\$115,000	\$120,000	\$115,000

Pet licenses processed includes only licenses that have been issued - it does not account for licenses that are not in compliance and are still being managed by the staff. Fluctuations in donations are the result of occasional bequests assigned to Animal Services. In FY19, there was a significant bequest donated that was unanticipated, accounting for the significant difference.

Explanation of Revenues

In the General Fund, the revenue represents the cash transfer from the Animal Services Fund to the General Fund. It includes revenue from the sources described above plus fees collected for notices of infractions.

Specifically, MCAS currently processes approximately 50,000 pet licences per year which would generate approximately \$1,728,500 in revenue and \$58,500 in fines related to license non-compliance.

Significant Program Changes

Last Year this program was: FY 2020: 91005A-20 Animal Services Client Services

Animal Services is pursuing a legislative change to decouple proof of rabies at time of an animal license issuance. The legislative update is forecasted to promote increased revenues from license sales. Forecasted revenues are expected to continue to decline until proof of rabies is decoupled from license fee process. FY20 collection had been lower than budget, therefore, we reduced our planned revenue for FY21 to better reflect the actual collection rate.
