**Program Description**

The Animal Care program provides comprehensive care to all animals in need of sheltering within Multnomah County, maintaining a clean, comfortable, safe and healthy environment with a focus on providing medical support and in-care enrichment from the time of admission until the animal is either reunited with its owner, placed in a new home, transferred to regional adoption partners and rescues, or other outcomes.

In addition to providing shelter for stray, lost, sick, and injured animals, Animal Care provides emergency intake services for pets of owners in unexpected crisis, ranging from eviction, hospitalization, domestic violence, arrest, or other unforeseen events.

Animal Care provides pet adoption services based on the Adopters Welcome model from the Humane Society of the United States, which focuses on matching animals with new owners by eliminating barriers such as income or residence checks and excessive adoption fees. The adoption model embraces adopters and helps them succeed by providing ongoing support.

To produce the best outcomes and prevent behavioral deterioration caused by a stressful shelter experience, Animal Care has introduced playgroup and pathway placement and works alongside Animal Health to provide interventions and treatments to address behavioral or medical concerns as early as possible.

Animal Care coordinates with volunteers in-shelter to provide enrichment, care and support to shelter animals as well as volunteer foster homes for animals in need of behavioral or medical rehabilitation, management, or socialization, and coordinates animal transfers to appropriate services with over 50 partner agencies. Animal Care also includes an extensive Foster Caretaker program, which coordinates the communication with MCAS to other units of the shelter. The Foster Caretaker program oversees between 150-250 animals in the foster program at any given time.

**Performance Measures**

Measure Type	Performance Measure	FY24 Actual	FY25 Budgeted	FY25 Estimate	FY26 Target
Output	Total domestic intakes	6,183	N/A	7,201	8,405
Output	Animals fostered	1,311	N/A	1,714	2,273
Output	Total live domestic outcomes	5,657	N/A	6,676	7,979
Output	Total domestic outcomes	6,217	N/A	7,301	8,703

**Performance Measures Descriptions**

We are stopping length of stay and live release rate as metrics, and adding live domestic outcomes over total outcomes to calculate live release rate (LRR) using outcome metrics and not the rate alone. "Domestic" accounts for all types of animals that are not wildlife. We are adding animals in foster care as a metric and projecting based on shelter capacity, intake, and average length of stay. While not part of outcomes, this in-care status has a significant positive impact for live outcomes overall, and can be used as a temporary measure to reduce shelter crowding.

After the related expenses such as bank fees and refund, the net revenue will be transferred to General fund under Financing Sources (offset by the Cash Transfers in Expenses under Animal Control Fund).

- \$183,356: Financing Sources come from the Fees & Permit net revenue above.

## Significant Program Changes

**Last Year this program was:** FY 2025: 90007A Animal Services Animal Care

2024 live outcomes for dogs and cats represent the 4th highest in our agency's history. If trends continue, FY 2025 and FY 2026 live outcomes will need to be the highest in our history to sustain our live release rate. This underlines the need to grow shelter programs to provide capacity for care and throughput to manage a growing system of shelter animals.
