Executive Summary

The Multnomah County Animal Services (MCAS) Animal Care program provides humane shelter 365 days a year for lost, stray, injured, sick, abandoned, abused and neglected animals in Multnomah County. The program reunites animals with their owners and adopts animals into new homes. The primary goal for Animal Care is providing excellence in shelter care that supports the health and welfare of animals and supports the transition of animals from the shelter back to their owners, or into new homes when necessary. This offer allows for an additional 7.00 FTE to support Animal Care goals.

Program Description

Review of industry standards of care related to staffing, indicates that additional staff are required, based on in-shelter population over the last year. Staffing calculations are based on 20 minutes per day for care and feeding and 15 minutes per day for walking/human contact. The formula for care includes paid staff and volunteers. The seven additional positions in this program will allow Animal Services to successfully meet the day to day care and support needed for the pets in care at the shelter.

The additional positions includes four Animal Care Tech 1, and three Animal Care Tech 2, for a total of seven new positions.

Performance Measures Descriptions

Live release rate is an industry benchmark that represents the percent of all animals returned to an owner, adopted or transferred. A lower average length of stay number creates a better long-term outcome for the animal. Emergency boarding represents the number of pets provided boarding when an owner experiences an unanticipated crisis and is temporarily unable to care for them.
