Findings of Fact

FINDINGS: Written findings are contained herein. The Multnomah County Code (MCC) criteria and Comprehensive Plan Policies are in **bold** font. Staff analysis and comments are identified as ‘**Staff:**’ and address the applicable criteria. Staff comments may include a conclusionary statement in *italic*.

1.0 Property Description & History:

- 1.1 Staff:** The applicant is requesting a time extension to allow the completion of the authorized improvements for the Lao Buddhist Center Northwest.

The subject property is 4.81 acres and is located in the Rural Residential base zone. A stream runs south to north across the western portion of the property and this stream is protected under the Significant Environmental Concern-water resources overlay zone (SEC-wr). In addition, located within the stream is FEMA 100-year floodplain.

In 2013, the property owners applied for land use permits (T3-2013-2861) to convert the subject property into a community center to support the religious, cultural and social needs of the Lao Buddhist community in the area. In March, 2014, the County’s Hearings Officer approved their land use case in part and denied a minor exception and major variance for side yard setbacks. The applicant appealed the decision to the Land Use Board of Appeals (LUBA). The applicant and the County stipulated to a remand of the decision to address various outstanding issues. In addition, the applicant applied for a code deviation (T3-2016-4967) to install a 36 space gravel surface parking lot instead of the required paved parking area. On August 2, 2016, the County Hearings Officer approved a revised land use decision, T3-2013-2861 and the new application, T3-2016-4967, with conditions of approval to be met and improvements to be made.

To this date two (12)-month Time extensions haven been granted. First, T2-2018-10613 granted a one-year extension to commence the construction of the physical improvements. Second, T2-2019-12284 granted a one-year extension to allow the work on the physical improvements to continue.

2.0 Public Comment:

Staff: Staff mailed a notice of application and invitation to comment on the proposed application to the required parties per [MCC 39.1105] as Exhibited in C.4. Staff did not receive any public comments during the 14-day comment period.

3.0 Procedure Criteria:

- 3.1 § 37.0695 EXTENSION OF A TYPE II OR TYPE III DECISION.**

(A) The Planning Director shall grant one extension period of 24 months for approvals of dwellings listed in Section 37.0690(C) and shall grant one extension period of up to 12 months for all other approvals provided:

(1) An applicant makes a written request for an extension of the development approval period;

- (2) The request is submitted to the county prior to the expiration of the approval period;
- (3) The applicant states reasons that prevented the applicant from beginning or continuing development within the approval period; and
- (4) The county determines that the applicant was unable to begin or continue development during the approval period for reasons for which the applicant was not responsible.

Staff: The Loa Buddhist Center NW has submitted a request for a one-year time extension to complete the authorized improvements for their community center. The request for the time extension was submitted on July 24, 2020, prior to the expiration of the land use permits. The applicant stated they could not complete the improvements because plans for the addition to the assembly hall have been in Building Review and Fire Review with the City of Gresham since July 9, 2019. Based on this information from the applicant, it appears that due to the unforeseen delay with the Building and the Fire department, the applicant has not been able to move forward to complete the improvements. *This criterion is met.*

4.0 Conclusion

Based on the findings and other information provided above, the applicant has carried the burden necessary for the one-year time extension to implement T3-2013-2861 and T3-2016-4967 in the Rural Residential zone.
