## **Program Characteristics:**

#### **Executive Summary**

The Communications Office is the lead workgroup charged with conveying Multnomah County's values, plans, actions and emergency directives to residents and employees. We do this by accurately researching, writing, photographing and audio and video recording information, news developments and events in a racial equity-centered way, then curating and presenting that that information in a timely manner through multiple platforms. As the lead liaison between County leaders and employees and the public, we conduct public engagement, respond to all public records requests, elevate County expertise and work constructively with the media. We provide crisis communications 24/7 for all internal and external emergencies, through the rapid development of messages, graphics and websites.

## Program Summary

The Communications Office tells the County's story, and strives to use its funding and services to create accessible materials, engage under-reached audiences and inform employees, the public and policy makers of County initiatives and news developments and their impact through writing, photography, video, audio recordings and graphic design. With that in mind, all our communication strives to provide representation, accessibility and content that reflects the County's values of safety, trust and belonging. We are constantly striving to analyze, lift up and respond to how policies and events impact racial inequities, and other disparate treatment experienced by staff, clients, neighborhoods and partners because of gender, age, disability and language. Our effort to reach a full audience drives decision-making from spotlighting diverse voices in every product, to expanding language translation in graphics, social media and videos, to increasing investments in culturally specific advertising for county initiatives.

The Office creates and maintains content on nearly two dozen websites and amplifies that information on the County's main social media accounts: Facebook, Twitter, Instagram. The Office responds to all media requests, connecting journalists to County leaders and staff. The Communications Office team creates photos, videos and news stories for multco.us and for use by news organizations ranging from culturally specific newspapers and broadcasters to national and international television networks. Staff develop emergency health and safety communications for the public and employees. They support County leadership by developing position statements, op-eds and news releases. The Office develops public education campaigns and convenes public meetings. The staff receive and complete public records requests. The Office also connects all County employees through the weekly Wednesday Wire newsletter. Staff implement the County style guide, assuring a consistent and cohesive brand across the organization.
